No Smallpox at Hospital.

There is a rumor on the campus to the effect that there are several cases of small-pox in the hospital, and I beg to say this is not a fact.

A case was listed as small-pox but later proved to be chicken-pox. The case was so mild that the patient was not sick but had an eruption. He will be discharged today or tomorrow.

We have on an average of eight or ten patients daily in the hospital, one or two of whom are really sick.

OTTO EHLINGER,
Surgeon.

Overcoats and Ponchos.

It is desired to see whether it is possible now to make the army overcoat and poncho a part of the regular uniform at this College. To this end, Captains of Organizations will submit a list of names of men who desire and are able to purchase the army overcoat and poncho.

Price: overcoat, \$9.04; poncho, \$2.74, with, probably, a small cost for packing and transportation added.

These lists will be turned in to the Commandant's Office not later than Saturday morning, the 9th instant. Commandant.
