

AMONG THE COMPANIES

"I" COMPANY

Of course we all know that "I" Company is the best company in the College, but let us tell you a few things about it. First, what makes this company what it is? The officers—

Our Captain, H. S. Hudson of Pearsall, whose every day life is an expression of devotion to duty, and whose actions exemplify the ideal leader in military training and building up, is one whom is loved by all. He, with his assistants, is making "I" Company one which is so well trained that it is an ideal for all others. Then there are First Lieutenant Montgomery, Second Lieutenant Barber, and First Sergeant Blumenthal, all of whom are some of the best officers in the Cadet Corps.

"I" Company has some of the most studious Juniors on the Campus. This is probably due to the fact that nearly all of them study Genetics. They are living examples of what a good soldier should be in the educational line.

Then there are Sophomores. They are true to the traditions of their class, and are very instrumental in helping to make "I" Company what it is and will be. Among them are many of the Freshman Class of '17, and of course they are well-skilled in the art of dealing out this education to the "Fish" of "I" Company.

Not least are the "Fish" of "I" Company. You will find them the most loyal of all "Fish". They constantly abide by the rules and regulations laid down through various and sundry means.

We are going to have the best drilled company on the Campus and are also going to capture the Howell Trophy for the coming season. In athletics we are going to put up a strong fight for the basket ball championship. Under the leadership of a former "T" man, Pat Dwyer, our team is training daily and preparing for the initial game.

SO WE ARE COMING! WATCH OUR SMOKE!!

The basketball squad of Company "I" is developing into an A-1 team. About eighteen men are now in training and out of this number, the captain "Pat" Dwyer, expects to pick a team that will take the school honors and furnish a lot of good material for the College team. Of course it is too early to prophecy the results of any of the basketball teams, but "Watch Company I".

The "Fish" in Bizzell Hall have been examining the trees very conscientiously for "Jay-birds."

A remedy for insomnia, put them in Co. C infantry.

Such men as "Rabbi" Bertcher, "Chicken" Harrison, Jerry Kuebuna, some of the Sophomore live wires, and an unlimited flock of talented fish, is what accounts for the victorious Co. C infantry.

The "H" company basketball squad has been organized. Practice is held on Monday, Wednesday and Friday. Coach Ehler states that he has a good bunch of men who are working

with much enthusiasm. The following have been reporting regularly and are showing up well:

T. J. Cockerell, J. T. Long, C. J. J. Wright, J. Delaney, F. C. Steglie, R. Best, E. E. Ward, B. H. Allen, G. Young, W. M. Mayit.

W. L. Allen of Marlin, has been forced to stay at his home on account of illness. The members of Company H are waiting with eager eye for his return.

Another member of our company whom we hope to see back soon is J. W. Hooper.

BATTALION OCTOBER 23, 1919

Concert Benefit For Our Athletic Teams.

On Thursday night, October 30, at Guion Hall, the band will give a concert for the purpose of raising a few "Simoleons" for our athletic teams. It will be well to state in the beginning the sole purpose of the money derived from the benefit. Most of us know that our athletes have never been provided with "honest injun" blankets. It is the rule of the athletic council to give "T" blankets to all Senior "T" men. Through the generosity of these old men some few of these blankets have been used around here. But—our teams have never been fitted out so that ALL men could have blankets. On next Thursday night week the band has consented to give a concert of popular music for the main object of fitting out our team with nifty blankets.

It is our duty to support this entertainment. Our men will meet Oklahoma the day after this concert. The blankets have been ordered to be

here for that big game. The question is—Will this corps stand behind those warriors who fight till they drop for us poor insufficient in the grand stand? We want our team to be just as well equipped as Texas'—and on that great day when the crowds shall gather from far and near to witness the onrushing disaster for Texas U, we want all the visitors to say:—A. & M. is forever getting something new, look at those blankets.'

Don't forget that these blankets will remain the property of the athletic association till they wear out and that old team is looking to every loyal Texas A. & M. man to be on hand Thursday the 30th.

The Texas Veterinary Club met last Friday night and organized for the year. The following officers were elected: President, "Chicken" Harrison; vice president, W. T. Dorris Giles; sergeant-at-arms, "Doc" Mockford; reported, Joe Hull. All sixteen members were present and they are determined to make this the most successful year for the club. The club will have its next meeting the first Tuesday of next month in the parlors of Francis Hall. Joe Hull the renowned "buck parson" will give a short talk on the bucking bronchos of Taft ranch.

Campus Barber Shop

Seven chairs. One of the best equipped shops in Texas. All kinds of tonics for sale. Come see us.
