NUMBER 17

SAY AGGIE

A recent newspaper article was entitled "Dumb Luck Beats Efficiency." The object of it was to show that a person can enjoy life much better without any plans for the future. This might possibly be all right but after being in school for several years where everything is on an efficiency basis, this viewpoint is hard to see. In such a system one man would get along fine by dumb luck but suppose everyone trusted to luck! The luck would probably run out before the last man got his share. Some cadets pass courses that way and seem to get by in general by just luck, but usually they don't seem to be enjoying it. For instance take the usual Sunday morning breakfast which works on the dumb luck principle. If you are the first one, it seems to be a good plan; if you are late, it is all wrong. Which shows that it is merely a matter of viewpoint.

Over efficiency is the extreme of luck and is by far the worst of the two. Possibly again an example might be taken from the mess hall. The corps comes in and each man finds his twenty-four cents worth of food on the table. This he eats, or tries to, passes out and waits for the next meal. The desirability of this type of efficiency might also be considered just a matter of viewpoint.

The campus is swept by a serious epidemic of spring fever. Possibly Valentine Day started it, but there are reports that instructors can talk for a whole hour without a man in the class getting one-fourth of what he is talking about. Also, according to the rumor, this is a very unusual condition and hasn't been known to happen for almost a year, excepting football season.

Have you ever noticed that constant murmur and grumbling during chapel hour?

Have you ever noticed Prexy shift uneasily in his chair while debating within himself whether to get up and command silence? Silence for the sake of the speaker!

Have you ever noticed the number of men that leave the building before

GYM IS DEDICATED

"T" ASSOCIATION OUTLINES PLAN OF ACTIVE WORK

Lettermen Give Bible and Rothgeb Vote of Confidence and Appreciation

One hundred wearers of the Aggie "T" assembled at College Station Monday for the purpose of rejuvenating the organization known as the "T" Association and making it an active body in the furtherance of athletics at A. & M. Realizing the need for such action, the gathering was held the same day that the dedication of the new memorial gymnasium was scheduled and on the day that the Aggies tangled with their traditional athletic enemies, the University Longhorns.

The organization of these men into an active body was perfected at a meeting held after the dinner held in the mess hall annex. The action was taken in answer to a plea made by

OPINION OF STUDENTS IS GIVEN VOICE

Questions of Food and Athletes Come Before Committee For Due Consideration

The second meeting of the Students Welfare Committee was held last Wednesday with every member present when the chairman called the committee to order. A brief resume of the findings of the last meeting were given by Dr. Bizzell so that each member could keep in mind the program as outlined at the first meeting. There was no time lost in getting to work.

The chairman called upon the student members in the order of their seniority for any reports they might wish to make or for any suggested improvement. A class representative brought before the council a suggestion that met with the unanimous approval of all present. As stated

PRES. BIZZELL CHRISTENS IT THE "MEMORIAL GYMNASIUM" IN HONOR A. AND M. HEROES

Simple dignity and impressiveness marked the formal dedication of the new Memorial Gymnasium last Monday evening preceding the basketball game with Texas University. The new gymnasium, probably the finest in the Southwest, was decorated with flags and bunting, and the crowd which gathered for the ceremony and game filled the gymnasium to capacity. The numerous old "T" men of A. & M. who had come back to A. & M. to attend the reunion of "T" men here were present in masse, adding to the occasion the famous "Aggie" spirit accumulated through the past three decades.

The dedicatory exercises were opened with "America," sung by the audience led by Rev. W. H. Matthews. Rev. S. M. Bird offered a prayer extolling those men of A. & M. who sacrificed their lives in the World War and dedicating the "Memorial Gymnasium" to the furtherance of the principles for which they fought. In the main address of the evening, Pres. W. B. Bizzell praised the "T" men
