

## Lee Housewright Files For Senior Yell Leader Post

Filing Deadline Set for Today at 1; Election Date Later

Deadline for the filing of petitions for Senior Assistant Yell Leader is set for 1 p.m. today, by the Student Elections Committee, announced Walter Cardwell, chairman of the committee, after the committee met last Friday to investigate the eligibility of those who had already filed their petitions.

Of the two petitions submitted, only that of Ed T. Rafferty, senior in D Cavalry from Gruver, was accepted, since the other one, belonging to James O'Conner, senior in D Coast Artillery from Dallas, was not accepted because of the failure to meet the 1.25 grade point average that is necessary for eligibility to the yell leader position. Yesterday morning Lee D. Housewright, senior in F Engineers, from Fort Worth, filed his petition for the position of senior assistant yell leader.

This is one of the most important posts of leadership on the campus, as the person elected will represent the corps on many occasions, and will be called upon to lead the corps often, especially in the coming semester with the football season, Cardwell pointed out.

Members of the Student Elections Committee include L. D. Boone, student activities manager; H. L. Heaton, registrar; Walter Cardwell, cadet colonel; Dan R. Sutherland, president of the senior class; Bill Andrews, vice-president of the junior class; G. B. Wyrick, vice-president of the sophomore class; C. E. Williams, vice-president of the freshman class; and Gus Link, vice-president of the senior class, who is also chairman of the committee.

Petitions for position of senior assistant yell leader must be filed in the Student Activities Office, room 126 Administration Building, before 1 p.m. today.

## Civilian Protection Film Will Be Shown

Film on Civilian Protection Training will be shown in the Chemistry lecture room next Friday night, July 24, the co-ordinator of civilian defense for College Station states.

These films are under the charge of W. E. Naylor, a Texas Ranger, and will cover several phases of civilian war work that will interest especially civilian war workers. All students and residents of College Station and Bryan are cordially invited to attend this one showing. The films will last about one hour and a half.

## Town Hall to Present Jackson Jubilee Singers As Third Feature of Season in Guion Monday

Rhythm, pathos, beauty, harmony and humor—those are the qualities emphasized by the program to be presented by the Jackson Jubilee Singers at Guion Hall next Monday night.

This famous company which has been touring for many seasons under the direction of V. S. Brown, pianist, and second tenor, maintains all the harmony and abandon that is characteristic of the Negro race. For the most part "white folks songs" are avoided, as the group feels that others can present such music as well or better than them, but in their own field of strictly Negro music they aim to remain supreme.

An enviable record has been made by the baritone of the group, John Garth, III. He first toured with the company in Canada. Then he was selected for the principal part, that of the undertaker, in "Porgy 'n Bess," a Broadway hit. Garth is a singing-actor of rare ability. His sonorous baritone voice is beautiful in solo, and with the ensemble to which he has always added much inspiration and brilliancy.

In the concert here V. S. Brown will be heard in one or more piano solos, representative of his race,

## Overseas Caps Being Issued To Basic Students

Overseas caps will be issued through Friday to all freshmen and sophomores who are enrolled in the basic ROTC courses.

These students will report to the Exchange Store during their vacant periods in the following alphabetical order on the dates indicated. Those whose names begin with A through E were issued their caps yesterday, and if they were not obtained then it will be possible to get them on Friday.

The remaining schedule is: Tuesday, July 21.....F to J Wednesday, July 22.....K to O Thursday, July 23.....P to T Friday, July 24.....U to Z and all others not able to report at the scheduled time.

A yard of black piping will be issued with the cap which is to be put on the cap as soon as possible. The black band is the regulation ROTC cord.

## Cotton Loans Have Been Extended For Indefinite Time

All 1941 cotton loans have been extended for an indefinite period. Maturity date previously was July 31, 1942.

The new plan, under which Commodity Credit Corporation will continue to carry the loans, permits producers to repay their loans and obtain possession of the pledged cotton or sell their equity after July 31, 1942, in the same manner as prior to the maturity date of the notes.

Lending agencies holding Certificates of Interest in 1941 cotton producers' loans will be permitted to carry certificates after July 31, 1942, under terms of agreement with CCC. The certificates will bear interest at 1 percent per annum.

Cooperative marketing associations also will be permitted to continue loans held for their members under 1941 CCC cotton Form G, after July 31, and the rate of interest to the associations on advances made to members will be the same as for lending agencies, according to P. C. Colgin, state AAA commodity loan specialist.

The new agreement for lending agencies and amended cotton Form G will be forwarded to lending agencies and cooperative marketing associations by Commodity Credit Corporation, Colgin said.

Southwest football players who have finished their football careers and are eligible for the All-Star game in Chicago, Aug. 28, include:

ENDS—Sterling (Texas A. & M.); Cowley (Texas A. & M.); Goss (SMU); Tunney (SMU); Pitts (Arkansas); Adams (Arkansas); Kutner (Texas); Sweeney (Texas).

TACKLES—Ruby (Texas A. & M.); Motley (Texas A. & M.); Wesson (Texas A. & M.); Bostick (SMU); Pugh (TCU); Bynum (Arkansas); Cohenour (Texas); Garrett (Texas); Pasqua (SMU); Fawcett (SMU); Booth (SMU).

GUARDS—Roy Bueck (Texas A. & M.); Richardson (Texas A. & M.); Self (Baylor); Griffin (Baylor); Goforth (Rice); Ramsey (SMU); Moss (TCU); Daniel (Texas); Jungmichel (Texas); Clark (Ark.).

CENTERS—M. Williams (Texas A. & M.); Sloan (Rice); Cato (Arkansas); Harkins (Texas); Clarkson (A. & I.).

BACKS—Moser (Texas A. & M.); Spivey (Texas A. & M.); Porter (Texas A. & M.); Smith (Texas A. & M.); Gillespie (TCU); Sparks (TCU); Wilson (Baylor); Bigony (Baylor); Crain (Texas); Layden (Texas); Martin (Texas); Doss (Texas); R. L. Harkins (Texas); Sanders (Texas); Barker (Arkansas); Johnston (SMU); Brumley (Rice); Jacobs (Oklahoma); Mathews (Oklahoma); Dick Miller (SMU); Neal (Arkansas); Hagerman (SMU); Young (SMU).

Add any other names you know of who have finished playing college football.

### ALL-STAR FOOTBALL SQUAD BALLOT

|                 |           |

| .....           |           |
| (P. O. Address) |           |

Mail this ballot in to Mike Haikin, care Battalion, College Station, by the Faculty Exchange (No Postage Required) in the Academic Building or drop in special ballot box marked "College All-Star Ballot" located on the first floor of Academic Building.

## Navy Forms Two V-1 Classes For Freshmen, Sophs

Recently transferred from Recruiting to Naval Officer Procurement, the Navy's V-1 Accredited College Program is functioning so as to speed up the enrollment of college freshmen and sophomores in the courses of training leading to an ensign's commission in the United States Naval Reserve.

Offices of Naval Officer Procurement in New Orleans, Houston, Dallas, Oklahoma City, Nashville, Birmingham, and Atlanta are now accepting enlistments under the V-1 program. Enlistments may also be made at any Navy recruiting station or substitution.

In contrast to the former single classification open for college freshmen and sophomores, there are now two classes in V-1 depending on physical qualifications: Class V-1 (G) and Class V-1 (S). The difference between the two classes is the admission to Class V-1 (S) of certain of those students unable to meet the vision requirements for the program qualifying applicants for a commission in the general classification. In the special class the officer will do specialized work that

## Aggies Have Chance to Place Men on All-Star Team by Voting

Football is still not out of the picture, Aggies, as balloting for the selection of players to be in the all-star game in Chicago on August 28 is just beginning. This annual game this year will find the college all-stars playing the World's Champion Chicago Bears in Soldier's Field in the Windy City.

Battalion Sports Editor Mike Haikin is working with Tommy O'Brien, sportscaster of radio station KRIC, Beaumont, in picking outstanding last year's seniors to play in the game. All selections are based on the number of ballots which a player will receive, and unless players get nominated they will be left off the squad, so get your pencils ready and vote for your favorite star.

Above in the ballot there is a

list of the players who are eligible for the classic from this part of the nation. Many of you have seen some of these men in action, and a number of them you remember as Aggies who played on the great championship teams of the past three seasons.

Last year Jim Thomason, Chip Routh, Ernie Pannell and Dookie Pugh all played in the game and Pannell made the starting team by getting the largest number of votes for a tackle post.

Fill in the above ballot and turn it in to your first sergeant, who in turn will deliver them to the Battalion office in the administration building. Ballots will be taken by Haikin and a box will be placed in the Academic building for the ballots also.

## Gas Model Builders Get Chance To Win Prizes at Tyler Sunday

Aggies! This week-end is your chance to add money to your wallet's emptiness rather than subtract from it. Sounds unbelievable for an Aggie to do, but all you aero engineers, model airplane builders, pilots-to-be, and other air-minded Aggies have been invited to attend the Third Annual Tyler Gas Meet which will be held at Boulter Farm, seven miles north of Tyler on the Mineola highway this week-end, July 26. The meet will be held Sunday from 8 a.m. until 4 p.m. Prizes include a total of \$250 in cash, and trophies for other winners.

The meet will be sponsored by the Tyler Exchange Club and the Tyler Junior Chamber of Commerce, and will be sanctioned by the Academy of Model Aeronautics, a division of the National Aeronautical Association. AMA and SWGMA rules will be observed at the meet. Registration of the models will be held from 8 a.m. to 10 a.m., and a fee of 25 cents will be charged all those entering the meet.

First on the program after the registration will be an appearance contest for the best looking model at the meet. An official flight must be made within 15 minutes after the winners are announced. Next to take place will be a surprise event which is, as yet, unknown to everyone except the officials of the meet, so be prepared for anything and everything to happen at that time.

Third in the meet will be an endurance contest, which will last most of the time during the remainder of the meet. A first prize of \$30 will be offered, followed by

a second and third prize of \$20 and \$10 respectively. Along with the \$30 goes the Pratt Jewelry Co. Trophy and some merchandise. This event will be divided into three classes in order to facilitate all types of models.

First prize for the Class B event is \$25, followed by a second and third prize of \$10 and \$7.50. Prizes for Class A event will be \$15, \$10 and \$5 respectively.

The You-Win-If-You-Lose Event will follow the endurance contest. In this event the Harrison Book Store awards an "Ohlson 23" airplane gas motor to the owner of the first plane that is lost on thermal during official flight. Following this event, there will be a stunt event that is open to all classes—anything goes, no restrictions, and no holds barred. The flight can be made anytime during the day, but the contestant has to "call his shots" before the flight takes place.

Heaven leaves \$10 to the owner of the worst crack-up that takes place during official flight. To the crowd's choice of the day will be given a box of merchandise—with no promises as to the contents of the box. Last in the meet comes a cross-country race, open to all classes. Prizes will be awarded to the winners of the race.

To the high point club in the contest, the Pratt Jewelry Company will present a trophy. All prizes, awards and trophies will be given out at 5 p.m. Regardless of the weather conditions all events will be held on this date. Rain, sleet, snow(?), hail, or otherwise should not keep good flyers out of the meet. Don't be a fair weather flyer.

## War Center to Dispense Accurate War Information

### Mothers Club Gives Community Dance In School Gym

Function Held to Raise Funds for Sidewalks At School; Cadets Invited

Opening a series of community-wide recreational functions, a dance will be held Friday night in the gymnasium of the A. & M. Consolidated school under the sponsorship of the school Mother's club, announces Mrs. G. Byron Winstead, club president.

Cadets, sailors and marines with wives or dates are urged to attend the dance which is being sponsored to raise funds for building sidewalks around the Consolidated school. For those who prefer not to dance, bridge and other games will be in progress in the music room of the school under the direction of a committee of mothers headed by Mrs. C. B. Godbey.

Admission to the party will be fifty cents per couple. This fee will admit couples to the dance or other activities which are being planned. Arrangements for the dance are being handled by Mrs. R. B. Hickerson and a committee of club members.

Members of the club state that all are cordially invited to attend the first of this series of community parties so that cadets, faculty and other local residents may become more closely acquainted.

### Agromony Society To Hold Picnic Thursday

At the initial social gathering of the Agronomy Society for the current semester, members of the society voted to have a barbecue picnic Thursday, July 23, at 6 p.m. The picnic will be held in the ravine just west of the drill field.

Plans for the picnic were discussed, and committees were appointed at the last meeting on July 16. Dates will be furnished, but those majoring in agronomy desiring to bring their own dates, may do so.

Each agronomy student planning to attend the picnic is requested to register with Mrs. Estelle Johnson, secretary in the agronomy department, before 5 p.m. today. Freshmen and sophomore agronomy students are especially urged to attend.

### WTAW Features Rudy Vallee in Program

"Blues in the Night," one of the season's most popular tunes, is highlighted by Rudy Vallee, his orchestra and The Sportsmen, in a second "Treasury Star Parade" broadcast, which airs on July 21, at 11:30 over Station WTAW. Also featured is The Sportsmen's special arrangement of "Sippin' Cider." The program also includes a war medley, and the tunes "This Love of Mine" and "Save the American Way."

## Juke Box Proms Grow Steadily In Attendance and Sidelights

With all local-yokels present and a number of out-of-town products, AggieLand's 5,000 cadets enjoyed another Juke Box Prom Saturday night. General comment is that the dance was the best yet, but any way this dance accommodated more dancers via the hound type.

Held in the main mess hall where there was plenty of room for the rug stompers, last Saturday's prom had something more than the Bryan "400" for Aggies to bird-dog. Included in the list of out-of-town guests a certain little number dressed in a black midriff dress who had a large number if not most of the hounding Aggies running in circles. "Lulu Belle" really had a big time as she gave all AggieLand a treat, especially with her solo performances.

Probably the outstanding performance of the night was the one

### A & M One of Six Official Posts Throughout State

A. & M. acts as one of the six official War Information Centers of Texas affording accurate and up-to-date information on War II to those people of Texas who desire such news for patriotic speeches or preparedness talks or just to know what is going on. It is a cog in the machine the Federal Government has set up to "keep America informed" during this war.

Dr. T. F. Mayo, librarian, is a member of the committee which is in charge of keeping and dispensing this information in this area. Mayo directs the sub-committee which handles the information received at the library. Others on this sub-committee are Don Hennessee, circulation department; Miss Margaret Pierce, reference department; Miss Clara Mae McFrancis, catalogue department; and Miss Hazel Adams, circulation department.

The library maintains a complete information service in the main entrance hall of Cushing Library. This War Information Center remains open 56 hours each week with students, faculty and librarians giving their time freely to keep it in order.

This consists of actually setting up and servicing of the books and pamphlets which come from several sources. These sources include many agencies of our Federal Government, agencies of foreign governments, publishing companies and various patriotic societies in America.

Anyone in Texas may write in to this center for information on any phase of the war. On the shelves and walls in the center one can find up to date information on our war production, how to blackout effectively, how to camouflage expertly, etc. Posters showing organization of the foreign countries armies are posted on bulletin boards.

Two large maps which give one, at a glance, a visual picture of the war. One shows the war in Europe while the other shows how the Japs are faring in the Pacific. Both are kept up to date with new defeats and engagements listed on the borders of the bulletin board.

Pamphlets include such items as how business will be affected by the war. Or one can find booklets with titles such as "Toward a Dynamic Democracy" or a handbook for air raid wardens.

From the posters one can gather such information as it now takes 18 men in industry to keep one man in the army while in 1918 it took only five to keep one soldier going. Another poster shows the complete organization of a German squad (groupe) which consists of a leader and nine men with four of these squads to a platoon.

This center began at the request from the government about five months ago. Only now has enough information arrived for it to really be of service to all Aggies and citizens of Texas who really want to be accurately informed about World War II.

### LONGHORN SCHEDULE

July 21 to 27. Composite Regiment Seniors.
