Dr. Weekes is one of 70 scientists who will spend the summer in Oak Ridge through the research program sponsored jointly by the Oak Ridge Nuclear Institute Studies and the Oak Ridge National Laboratory.

They will work alongside permanent Oak Ridge scientists in carrying out fundamental and applied research in various fields of atomic research.

The program will get underway June 1.

Life Insurance Managers Plan Meeting Here

More than 60 managers of life insurance agencies will go back to school next Monday for a training course at A&M. The men are attending an intensive two-week School in Agency Management conducted by the Life Insurance Agency Management Association of Hartford, Conn. The school will run through June 22 with all classes at the Memorial Student Center on the campus.

Most of the men registered are from Texas. Included in the class will be H. E. Connor of Bryan, manager for Texas Prudential Insurance Company in Hartford. In all, 22 life insurance companies will be represented.

In setting up the College Station school, the Association staff was assisted in arrangements by Sidney L. Lovelace, manager of the Central Texas Agency of the American General Life Insurance Company in College Station; by Ford Munnerlyn, vice president and Agency Director of that company at its home office in Houston; and by other prominent Texas insurance executives.

This is the 104th school to be held by the Association since 1929; in that time, more than 5000 managers and home office executives have been graduated. Among the graduates are company presidents as well as leading field managers.

Bryanites Ask For Baptist's College

Dallas, June 4.—(AP)—A special trustee committee studying the Mary Hardin-Baylor College situation met tonight with the question of moving the Belton College possibly in the balance.

Decisions were not expected to be made public for some time—probably not until a meeting tomorrow of the executive committee of the Texas Baptist convention.

Dr. James Basden, pastor of the First Baptist Church, Belton, and secretary of the Board of Trustees, said tonight that a Bryan delegation had asked that the college be moved to Bryan. This city is only a few miles from Texas A. & M., a college for men.

Only two men appeared tonight to make statements to the special committee. They were John R. Fellrath, Belton businessman, and Dr. J. W. Pittman, Belton physician.

The special committee is scheduled to present its decision to the full college trustee board early tomorrow. Then a meeting of the trustees with the Baptist Executive Committee is planned.

A storm broke about two weeks ago when trustees of the University of Corpus Christi met with Mary Hardin-Baylor trustees and proposed that the two Baptist schools be merged as a co-educational institution at Corpus Christi. Some Houston interests proposed that the school be moved from Belton to Houston.

That started a series of meetings of alumnae and other groups. Many favored keeping the school at Belton. Some asked for removal of the president, Dr. Gordon G. Singleton.

Singleton, in turn, charged in Houston that there was underfoot a "deliberate attempt to smear Mary Hardin-Baylor."

The whole affair was set off by the decrease in enrollment of the college—officials say it merely is a trend among women's colleges.

'Heat Pump' Explained At Lion's Meeting

Donald M. Vestal of the Engineering Experiment Station was guest speaker at the College Station Lions Club meeting yesterday in the MSC.

Speaking on the "Heat Pump," Vestal explained the advantages and disadvantages of that unit which is capable of taking energy from nature and transforming it to do useful tasks.

He cited air conditioning and heating as a typical example of the performance of heat pumps.

"This unit is capable of taking heat from the sun and transforming it to cool air by the same principle that an ordinary refrigerator operates."

"In heating a given area, the heat pump can produce three times as much energy as is required for the apparatus to operate. For cooling, the efficiency is slightly less—200%," he said.

Vestal pointed out that the heat pump is not limited to air conditioning and heating alone. Every day, he told the Lions, more uses are being found for this device which would cost from \$3,000 to \$4,000 on the regular market.

"It's a 'true-blue' post war gadget," he added.

Dr. W. E. Paulson presided in the absence of President Robert Halpin.

CS Scouts to Trek Over Scout Ranch

Four scouts from College Station have already been assigned places in the big "Phil-Trek" trip to Philmont Scout Ranch in New Mexico during late August, according to information from the Sam Houston Area Council, public relations office.

Robert Fletcher, George Boyett, A. E. Salis, and Robert Cleveland, all members of Troop 411, College Station have registered for places with the group of 200 who will make the expedition, August 18 to September 1. Over 100 have already signed with registrations coming in daily, the scout office reports.

Three Bryan Scouts are also registered: Louis Bolmanski of Troop 383, E. R. Bryant of Troop 364, and a third from Troop 102, selection of which has not been made by the unit.

"Phil-Trek" will begin at Camp Strake on August 19 with departure aboard large Kerrville busses. On the outward trip, the boys will

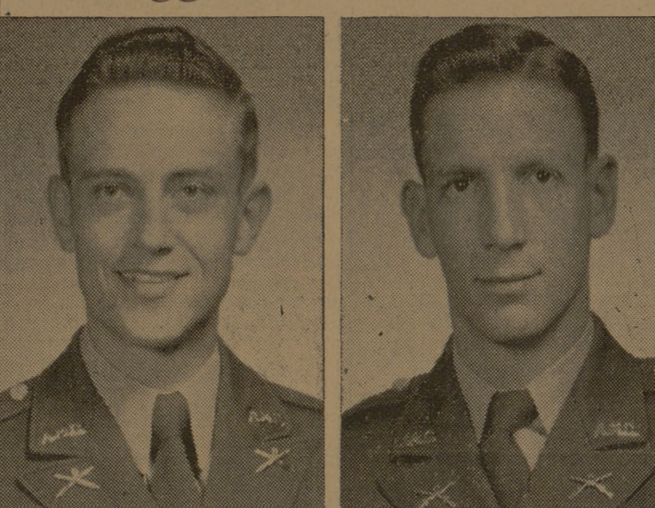

visit Villa Acuna, Old Mexico, Alpine, McDonald Observatory, Carlsbad Caverns, Roswell and Sante Fe, N. Mex., arriving at Philmont Scout Ranch on August 24 for a 6-day experience.

Here, the boys will trek through the 137,000 acres of mountains, observing deer, antelope and other wild life, eating meals on the mountain trails and spending the evening under the stars and nature's Western beauty.

Return trip will be made by way of Raton, Amarillo, Wichita Falls, Ft. Worth, and Huntsville, arriving in Houston on September 1. Entire cost of the trip is \$90, Scout officials stated.

The trip is open to Explorer Scouts or Scouts who will have reached their 14th birthday by departure time. Application blanks and further information may be secured by writing Boy Scout Headquarters, 1504 Fannin, Houston.

Sox Split Double-Bill

(Continued from page 3)

Eight double-headers were unreeled in the big leagues Sunday. Comiskey Park in Chicago was the scene of a split as the White Sox and the Red Sox each won one. Howie Judson limited the Red Sox to seven hits in the nightcap while the Chicagoans were collecting 16 for an 11-2 win after Mel Parrnell and Ellis Kinder combined forces for the Sox in the opener to scatter 11 hits and help the Bostonians to a 7-5 victory. Dom DiMaggio extended his consecutive hitting streak through 22 games by hitting safely in both contests. Holcombe was charged with the Pale Hose loss in the first with Chuck Stobbs being tagged with the Sox loss in the nightcap.

Two Bobs—Feller and Lemon—contributed to the Yankees' defeats in Sunday's double-header in Cleveland. Feller scattered eight hits effectively to win 8-3 for his seventh against one defeat while Lemon evened his seasons mark at five and five as the Indians tripped

Bible School Set For June 6-8

The St. Mary's Altar Society will sponsor a morning Vacation Bible School on June 6-7-8 from 9:30 to 11:30 a.m. The school will be held in the home of Mrs. George M. Watson, 300 Kyle Street, in College Station.

All Catholic children of College Station that are interested, and are between the ages of 3-10, are invited to attend. For information call Mr. R. B. LeBlanc, phone 6-6746 or Mrs. Charles D. Holland, phone 4-8962.

TSCW Graduates Four Local Girls

Four College Station girls were among the 250 to receive degrees from Texas State College for Women yesterday.

They were Misses Frances Jane Rattan, daughter of Mr. and Mrs. Thomas E. Rattan; Bettye Lewis Knowles, daughter of Mr. and Mrs. Lewis Knowles; Shirley Ann Hampton, daughter of Mr. and Mrs. Herbert E. Hampton; Shirley Elaine Darrow, daughter of Mr. and Mrs. M. D. Darrow, all of College Station.

President John A. Guinn of TSCW addressed the graduates. Delivery of the commencement address by the college president is a 15-year tradition at the college.

Exercises followed a week-end of social activities honoring the senior class.

ed only four hits but went down to his fourth defeat. He has won two. Al Gettel was charged with his second loss in the second game. He has failed to notch a win this year.

Robin Roberts and Bubba Church gained their fifth and sixth wins respectively as the Phillies licked the Pirates in both games Sunday.

The only bright spot for the Pirates as they dropped their seventh and eighth consecutive games was Ralph Kiner's 12th round-tripper in the first contest. The 11-2 loss in the opener was charged to Mel Queen, his fifth against three wins while the 8-3 loss in the nightcap was tagged on Murray Dickson, his fifth. He had won six prior outings.

Cincinnati won two from Boston, 3-1 and 4-2 as Ken Raffensberger and Ewell "The Whip" Blackwell let the Braves down with six and five hits respectively. Raffensberger's win was his fourth against five defeats while "The Whip" won his sixth against four defeats.

Hodges Raps 17th Home Run

Over in the senior circuit, Gil Hodges 17th four-master of the year contributed greatly in the first as the Dodgers whipped the Cubs in two games, 8-3 and 3-2. The second game went 10 innings with Gene Hermanski pounding in the winning run with two out. Don Newcombe won the opener to raise his record to 6-3 and Frank Hiller's record was evened at 4-4. The nightcap victory was credited to Pracher Roe, his seventh straight against no defeats while Dutch Leonard was charged with the loss, his first against three previous victories.

Stan Musial of the Cardinals raised his batting mark to .370 with a perfect day at the plate in the second game with the Giants Sunday. His three singles and a triple drove in two runs as Harry Brecheen won his third against no defeats in the 4-3 contest. The Giants had squeaked out a 1-0 verdict in the opener as Dave Koslo limited the Redbirds to two scattered hits. Max Lanier allowed

Robinson, Hodges, Fain, Williams Top Leagues

The Dodgers' Jackie Robinson is leading the National League hitters through games of Sunday with a .403 mark. Musial is in second with his .370 and another Brooklynite, Pee Wee Reese in third with a .357 average. Hodges leads the sluggers in the National League with his 17 four-base blows. Wally Westlake of the Pirates with 13 is in second while Snider and Kiner are tied for third with 12 each.
