

'Saw Varsity's Horns Off'

"... Saw Varsity's horns off, saw Varsity's horns off..." These Aggies and their dates "sawed" back and forth in the usual manner as the band played the "Aggie War Hymn" during the A&M-TCU game in Fort Worth Saturday. The Aggie student section filled almost one-fourth of the 34,000 capacity stadium along with dates and friends of students.

Meyer Admits Illegal Kick

TCU's coach L. R. "Dutch" Meyer admitted the in-bounds kick-off executed by his team in the fourth quarter Saturday against A & M was illegal.

Sports writer George Kellam of the Fort Worth Star-Telegram, who interviewed the TCU mentor, said the coaches had observed game films and admitted the illegal formation.

Aggie coach Ray George said he would register no protest.

"TCU Won Fair and Square"

Also commenting on the illegal formation used by TCU, Lorin McMullen of the Star-Telegram said in a column this morning, "Aggie Coach Ray George said that the TCU game was over and done, that TCU won fair and square and that the mistake of placing the ball five yards outside the inbounds marker (53 feet and four inches from the sideline) was an honest one."

George was in conference this morning and could not be disturbed when a Battalion reporter called at press time.

McMullen quoted George as saying, "That didn't beat us, after viewing the pictures today we're more inclined to blame missed tackles."

United Nations Group to Meet

The United Nations Club will meet Wednesday at 7:30 p. m. in the YMCA for organizational purposes, announced Charles Beagle, last year's secretary.

Col. Joe E. Davis, commandant, will be guest speaker at the meeting. Col. Davis will speak on the general organization of the United Nations and will use projected slides and films to aid his discussion. Beagle extended an invitation to all students, both American and foreign, to join the club. He also said local citizens are welcome to become members.

A&M Mothers Consider Blood Bank for Area

The first meeting of the Brazos County A&M Mothers' Club will be held at 3 p. m. Thursday in the YMCA Building. The club's tradition of giving the first annual meeting in honor of mothers of Freshmen will be carried out.

Dean of Men W. L. Penberthy, chairman of the local chapter of the Red Cross, will outline conditions and requirements to be considered for establishing a blood bank here. At present, the closest bank for plasma is Beaumont.

The establishment of the local blood bank is the club project for the year. Penberthy will explain the methods employed by the Red Cross to allocate blood for use both in national defense and with local requirements.

Kellam said Howard Grubbs, executive secretary of the Southwest Conference, reported at Dallas, "I have had no complaint from Texas A&M and I know of no precedence for such a protest."

Explaining the strategy he used, Meyer told Kellam, "We planned before the game to kick off in that manner every time in order to keep the ball away from that Glenn Lippman. We played it 12 yards in from the sideline and always on the opposite side of the field from Lippman."

"Abe (Abe Martin, assistant coach at TCU) and I were thrown off the track by (Art. 2, Section 2) the NCAA rules. It describes the area enclosed by the sidelines and end lines as 'inbounds.' Then Article 3 of Section 1 concerning kicks ('A free kick must be made from some point on or behind the kicking team's restraining line and between the inbounds lines.') led us to believe we could kick anywhere between the sidelines."

Diagram Was Proof

"Had we looked at the diagram which accompanies the rules we would, of course, have known better of it clearly identifies what we call 'hasmarks' as 'inbounds lines' 17 yards in from the sideline as the outside limits of the free kick."

"It wouldn't have made any difference to us so far as the onside kick was concerned. We were primarily interested in keeping that ball away from Lippman," Meyer concluded.

In his column McMullen quoted George as saying, "The play could have been worked just as well from the inbounds marker or from the middle of the field, but regardless of the kicking point, it still is extremely difficult to execute."

"TCU could have practiced the play for a solid month and not done it any better. The ball skidded just right, bounced just right and the end appeared in the proper spot just right. Our lads were alerted for the play, too, but there wasn't anything they could do."

Tea will be served following the meeting. Refreshment chairman, Mrs. M. L. Cashion, will be assisted in hostess duties by the other club officers.

Officers for 1951-52 are Mrs. E. L. Williams, president; Mrs. O. A. Ashworth, vice president; Mrs. L. E. Ellwood, secretary; Mrs. Carl Birdwell, treasurer; Mrs. L. L. Stuart, parliamentarian; and Mrs. R. D. Lewis, reporter.

Committee chairmen are Mrs. D. W. Williams, finance; Mrs. Ide P. Trotter, hospital; Mrs. M. L. Cashion, hostess; Mrs. W. Leland, student activity; and Mrs. G. E. Madeley, extension committee.

Thursday's meeting will be the first of three regular club sessions to be held this school year.

Vols First; Aggies 16th In AP Poll

New York, Oct. 23—(AP)—Tennessee, the pre-season favorite, regained the top spot today among the nation's college football teams and the fourth weekly Associated Press poll.

Unbeaten Baylor climbed to seventh; Texas, victim of Arkansas, slipped from fourth to tenth; the Texas Aggies, plummeted to sixteenth; and Arkansas gained a nineteenth round.

Sports writers gave SMU 12 points, Rice 10, and TCU 4.

California last week's top team, dropped to number nine. The Tennessee Volunteers, who routed Alabama 27-13 Saturday, received a warning total of 70 first place votes, out of 161 cast by the nation's sportswriters and sportscasters to take over the number one rating.

This gave Tennessee 1,354 points a comfortable margin over Michigan State, the number two team, with 1,202 points. Michigan State, a 32-21 winner over Penn State, had 28 first place votes and moved up from a third place ranking a week ago.

The rough weekend for several top-ranking teams caused some juggling of the standings among the top ten, but only Texas A&M

dropped out of the select group. The Aggies skidded from number six last week to number sixteen this week after being upset by TCU 20-14.

Another team moving up is Baylor, now number seven, after a number ten ranking last week. The Bears stomped Texas Tech 40-20 Saturday.

All of the top ten teams, except Southern California, California, and Texas are undefeated and untied.

First Ten

1.—Tennessee (70).....	1,354
2.—Michigan State (28).....	1,202
3.—Georgia Tech (16).....	1,022
4.—Illinois (12).....	878

Sascha Brastoff Here Thursday

Noted Artist Plans Visit to A&M

Sascha Brastoff, nationally known artist, sculptor, and ceramist, is going to break away for a few hours Thursday afternoon from a week-long personal appearance exhibition of his work in Houston to visit A&M.

He will be the guest of the MSC Art Gallery Committee at a special informal coffee Thursday afternoon at 2:30 in the MSC second floor Serpentine Lounge, Charles Stiefel, committee chairman, said this morning.

"We want to extend a cordial invitation to the students, faculty and general public to be with us and meet Sascha Brastoff," Stiefel said.

Sascha, as he prefers to be called, has been in Houston since Saturday making a personal appearance at a special exhibition of his work by Sakowitz Bros. department store. His work will be shown at only one other store in the nation, Marshall Field's of Chicago.

7,000 Summer Visitors Listed

More than 7,000 persons visited the A&M campus during June, July, and August, according to figures compiled by the MSC and college officials.

The visitors attended short courses, conferences, and other programs. The largest single group to visit the campus was the Texas Home Demonstration Association, with 1,800 in attendance.

Approximately 3,000 more people officially visited the campus during the past summer than were recorded as visitors a year ago.

An ex-GI, the young artist has risen to national prominence in the few years since World War II, and his work has won numerous

awards and is distinguished for its extraordinary color and rhythmic composition.

For the past few years Sascha

Military Department Issues 'Saber Call' to Aggie-Exs

The Military Department this week issued a call to all students or former students who have sabers to loan or donate them for use by the A&M cadet corps.

Fifteen unit commanders are without sabers at the present time, the department reported, and manufacturers have curtailed production to the extent that none are available from that source.

They called on the Former Student Association to dig out their old sabers and send them in to the Association office or Col. Joe E. Davis, commandant.

The Military Department said if the sabers needed reconditioning, that work would be done by the college and the sabers would be returned when school is over in the spring, if the owner so desires.

Reds Reshuffle Delegation; No 'Go-Ahead' Signal Yet

Munsan, Korea, Oct. 28—(AP)—Communists reshuffled their Korean truce delegation today but still had not given a go ahead signal for renewing armistice talks.

Red China's Peiping radio reported two generals of the five-man Communist delegation have been replaced. A United Nations spokesman said the changes may indicate the Reds plan to place greater emphasis on military considerations and less on political phases of an armistice.

Reorganization of the Communist delegation was announced as the Reds ignored a U.N. challenge to ratify quickly new truce talk rules. That was the only thing still needed to reopen negotiations to end the fighting in Korea. The Red delay ruled out the possibility of a meeting before Wednesday.

Joy Signs Rules

Vice Adm. C. Turner Joy, top Allied negotiator, signed the new ground rules Monday a few hours after liaison officers approved them. He asked North Korean Lt. Gen. Nam Il, head of the Red truce team, to act quickly so negotiations could be resumed promptly after a two-month interruption.

While Nam Il was silent the Peiping radio announced changes in the Red delegation, paralleling replacement last week of two members of the U.N. truce team.

The broadcast said Chinese Gen. Pien Chiang-Wu would replace Chinese Gen. Tung Hwa, and North Korean Gen. Cheng Du Kon would succeed North Korean Gen. Chang Pyong San.

(A Hong Kong dispatch identified Pien as a former military attaché to Red China's embassy in Moscow. The dispatch said the 46-year-old general was in Moscow this fall.)

'More Military Type'

Brig. Gen. William P. Nuckols, official spokesman of the U.N. command, said it was possible Pien was "a more military type" than Tung who was regarded by the U.N. delegation as a political adviser.

Nuckols said Chang never gave any indication of taking an active part in negotiations.

The change, Nuckols said, might indicate the Communists will show greater interest in the military aspects of an armistice. The U.N. command has emphasized military considerations throughout negotiations and has accused the Reds of being primarily interested in political angles.

This was particularly true of the location of a buffer zone for the

Senate Solves Seating Issue For Home Tilts

By ALLEN K. PENGELLY
BATTALION STAFF WRITER

Positive action was taken last night by the Student Senate to allay the seating arrangement problem which occurred at the last

home football game. A committee, under the direction of the Senior Class mapped out a plan whereby it will be virtually impossible for any student to sit in the wrong section, but still allow a maximum number to sit closer to the 40-yard line. All seniors, both corps and non-corps will have reserved seats up to the 50-yard line.

This new system makes use of the "ramping" technique to provide suitable seats for a minimum number of people. Each class will have a special ramp through which only members of that class will be permitted to enter the stadium. Employing this system the Senate hopes for an even flow of students into the stands and insures the student of finding his date or guest in the proper section.

Here is how the new seating arrangement operates: Each student will be issued a colored card that is perforated—one half to be kept by the student and the other to be issued to a guest. This card will admit the bearer to a designated section of the stadium.

Harold Chandler, chairman of the committee, is making arrangements to have printed color-coded cards to be issued to all students in time for the A&M-Baylor football game.

Use of Color Cards

The color-code is as follows: a red card will admit any senior in to a section which extends from the goal line to the 50-yard line; a green card will admit any junior into a section which extends from the end-zone to the 40-yard line; and a yellow card will admit any freshman or sophomore into a section which extends from the middle of the end-zone to the 40-yard line.

Non-corps seniors will enter Kyle Field through Ram Q and sit in a section 10 rows from the top. Corps seniors will be admitted (See SENATE, Page 4)

Pets On Parade At CHS Tonight

Pets of all kinds, from alley cats to registered pups, will compete tonight in A&M Consolidated High School Stadium for ribbons and prizes. The event is the annual Pet Show, sponsored by the Mother's and Dad's Club at A&M Consolidated.

A grand parade is scheduled to begin at 7 p. m. The best performer or best decorated entry will be

selected by a judging committee headed by Dr. W. W. Armistead. A prize will be awarded the winner by R. B. Hickerson, ring master. All entries will be registered by 5:45 p. m., and the show will begin at 6 p. m. Two rings will be set up on the field, one for purebred dogs and one for common varieties.

Tables will be set up between the rings for pets such as cats, rabbits, birds, fish, turtles, and other small pets which may be entered. Special provision is being made for pets weighing over 100 pounds, and trick pets.

Ribbon awards will be handled by B. C. Moore. Other committee chairmen for the show are G. W. Litton, business manager; J. F. Fowler, concessions; Carl Landis, entertainment; J. K. Riggs, equipment; Walter Manning, organizations; John Denison, programs; and G. C. "Spike" White, publicity.

Tickets for the show are being sold by grade school children, according to V. W. Schember, ticket chairman. Tickets will be sold at the gate, he indicated.

Music Program Heard by Lions

The College Station Lion's Club was entertained with a musical program Tuesday at their weekly noon luncheon in the MSC.

Mrs. Harry Shannon and Robert Boone gave two vocal selections each. Mrs. Shannon, wife of a student, starred here in the summer operetta "H. M. S. Pinafore". Boone, who is music instructor at A&M Consolidated High School, sang Summer before—last with the Houston Lyric Theater which produced many of the outstanding light operas.

Mrs. Shannon sang "One Kiss" and "My Hero". Boones renditions were "Shadrack" and "The Flea."

Both singers were accompanied at the piano by Miss Betty Bolder.

President Al Price announced that a ladies night program will be held in place of the regular meeting next Monday. R. P. Wood of the Business Administration Department is in charge of arrangements.

has been specializing in the field of decorative-utility art pottery and recent national magazine articles explain that his name is fast becoming the by-word among art pottery buyers.

Ceramic Industry magazine says that Sascha "has taken truly fine art and translated it through the medium of art pottery in such a way as to make each piece an individual collector's item having high utility as well as decorative value."

Sascha himself says, "My goal was to bring collector's items in art pottery within the reach of the average retail consumer, and I believe we are now doing that."

And Sascha does this through a system of rigid artist control in which he produces the original form and design of a piece and then after careful selection of colors sends his creation through a battery of personally supervised artists.

Each of these assistants is allowed to express freely his own artistic feeling within the limits of the basic design.

The results is that no two pieces from Sascha's production line ever are exactly alike, but are, in essence, each an individual creation bearing his signature.

Headquarters of the Sascha Brastoff organization are located in Hollywood, Calif. where he operates a production plant and separate studio where he produces original designs and test pieces.

The young artist agreed to appear at A&M after an exchange of correspondence with J. Wayne Stark, MSC director, who heard that Sascha was to appear in Houston and thought he might like to visit A&M.

Though he expressed pleasure at being invited to A&M, Sascha is on a tight schedule in Houston and must return there immediately after his appearance here, Chairman Stiefel explained.

Senior Class Meets In MSC Thursday

A Senior Class meeting has been called for Thursday night after yell practice, according to J. W. "Doggy" Dalston, class president.

Slated for the Ballroom of the MSC, the class will hear reports from all committees. The groups and their chairmen are as follows: traditions, Bob Langford; calendar sales, Van Vandenburg; Social C. L. Ray; gift, Ted Stephens; campus beautification, Harold Hughes; class history, A. C. Burkhalter.

Dalston said the class will also decide what to do about speaking on the campus during the week prior to each football game.

Senior Rings Arrive; Oct. 31 Last Order Date

Senior rings which were to be ready by Oct. 1 are now in the registrar's office said Mrs. Dell Bauer.

"They may be picked up only in the morning," asserted Mrs. Bauer, but warned "Oct. 31 is the last day in which orders for the rings may be taken to insure delivery before Christmas."
