Let's Roll Prices Back

LETS ROLL BACK prices and stop the inflating trend. And we can use any means possible—as long as it doesn't step on someone's toes.

How human is it to want to reform everyone but yourself. Thus, while everyone calls for price slashes, the same voices scream just as loudly when cut-backs happen to hit

It has been charged before that one of the weaknesses of a democracy is the fact that an especially vocal minority can hold back the progress of the majority and can secure benefits at the expense of a passive majority. Mr. John Doe sits by and hopes that things will get better while some businessman pulls strings to make sure that things will get betterfor the businessman, of course.

Let the "control wizards" cut the price on a given product and the manufacturer of that product immediately lets out a howl that carries far and wide. That howl is heard by Ship Rammed . . . a Congressman. And, in his usual eager desire to make sure he doesn't lose a vote, the Congressman steps in to sooth this voice of discontent.

What's the answer? It will be hard to find one as long as the average tax-payer refrains from exerting the energy necessary to voice his and the majority's opinion. Until then, vote hungry politicians will continue to heed th only voice

Real Ball Players

AS THE SEASON dims once again for one of the local baseball leagues, it is time to seriously consider the effect the play has made on its players. This group is the Little League but no one seemed to know what the other ship was a Greek vessel had happened. The searchlights loaded with iron ore for Japan.

Most growning gould take a lesson from these young-

Most grownups could take a lesson from these youngsters—on learning the game of baseball properly and playing med it broadside. by the rules. It does a person good to see a ball team that takes decisions (most of the time) without griping for hours.

We were quite surprised at the ability of some of the youngsters, too. Some may have the makings of real base- lights-no radio. Men went over ship. The second bump, the hardball players, capable of going on up in the chain of baseball's to it in lifeboats. They brought

They have learned this through the capable coaches and R. R. Rogers Tells managers who give willingly of their time and knowledge.

This, plus the patronage of you, John Q. Public has given Navasota Kiwanis the youngsters the added incentative to try a little harder, and through this incentative, you will have aided them to be- Future Farm Need come the ball players they want to be.

Biological Warfare

THIS FALL A&M College will offer a new course in Biological warfare. This new course, biology 451, is being made available because the Biology Department will have three bacteriology instructors on its staff for the first time.

Dr. C. C. Doaks, head of the biology department, should filled by 1975. be congratulated for his efforts in keeping A&M abreast during this progressive age.

Dr. Doaks believes that the course should have wide appeal to all senior corps students.

Two other courses, one in personal and public health and

general micro biology will also be taught with this new biological course.

With its new science building and the addition of three Bob Cherry. courses the Biology department is setting a fast pace as one of the most progressive departments on the campus.

'High Noon' Wins Place With Western Classics

By JERRY BENNETT Battalion Managing Editor

"High Noon," starring Gary Cooper, Grace Kelly, Lloyd Bridges and Katy Jurado—Unit-ed Artists, Palace Theater — Sun., Aug. 17-Wed., Aug. 20.

Occasionally Hollywood casts aside technicolor, white horses, and Randolph Scott to make a western that takes its place as a classic in cinema art.

These films have always been a rarity, especially during the last few years. Included in this small but honored collection are "Stage Coach," "Red River" and "The

Gunfighter." All three shunned the standard film plots and presented situations typical of the old West instead of the studio back lot. "Stage Coach" pictured the terror filled journey of a group of passengers on a stage coach traveling through an town is to kill Kane. Indian infested desert. Interest was centered not in the action but on the characters, each having a different reason for being on the stage. Taken individually, their
