## For Those Who Follow

Imagine picking your way along a frozen wilderness trail. You're bitterly cold, but see no sign of human habitation, mile after terrifying mile. Then, thanks to someone who's already gone this way, you come upon a crude shack. Even with shelter you could still freeze to death, but you find wood already gathered for a fire. Later, before venturing on, you too pile high more wood for someone yet to come. No matter who you are—or where—your life marks a trail that someone is following. Along that way is the Church—a haven from storms of the world. Yet the building alone is not enough. It must have people to work in it and to gather fuel for the fires of faith. Look ahead as your fathers did before you. Begin today to support and strengthen the Church for those yet to come.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## A Campus-to-Career Case History

**"Always something new"**

"Different types of work appeal to different men," says Donald O'Brian (A.B., Indiana, '50), in the Traffic Department with Indiana Bell Telephone Company. "For me, I'll take a job that keeps me hopping. And that's just the kind of job I have."

"You'd think that after two years I'd have all the variables pinned down. But it doesn't work that way. When you supervise telephone service for thousands of different customers whose needs are always changing, there's always something new coming up."

"I started with Indiana Bell in 1952, after two years in the Army. My training program exposed me to many different kinds of telephone work—customer contact, personnel, accounting, operations. I saw a lot of jobs which looked as interesting as mine. As much as I like the kind of work I'm doing now, I bet I'll like my next spot even better."

Don's enthusiasm for his job is pretty typical of most young college men feel about their telephone careers. Perhaps you'd be interested in a similar opportunity with a Bell Telephone operating company, such as Indiana Bell . . . or with Bell Telephone Laboratories, Western Electric or Sandia Corporation. See your Placement Officer for more information.
