Shells and Souls

With encouragement from his parents and some fundamental scientific training this young man has learned a great deal about shells. He knows, for instance, that the ocean floor is covered with millions of living creatures which would be unable to survive without the protection of the shells in which they live.

With similar encouragement from his parents, and with some fundamental religious training, this young man will learn some far more useful truths about souls. He will learn, for instance, that God's highest creature—Man—lives in a moral environment just as hostile to his survival as that ocean floor, and that Man depends for his protection not on any outer armor, but on the inner being which God has taught him to call his soul.

And when our young man compares shells and souls he will discover that, just as God provides many of his lesser creatures with the means of building up and strengthening their shells, he provides Man with the Church, the Bible, and the Gift of Prayer to enable him to strengthen his soul.

THE CHURCH FOR ALL... ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
