A Campus-to-Career Case History

He figures for the future

It's James Kirchoff's job to look ahead. As a Plant Engineer with Illinois Bell Telephone Company, he helps estimate telephone equipment needs years in advance.

For example... when a new real estate development is in the planning stage, Jim figures how much telephone equipment it will need when it reaches its full growth. His estimate is based on his knowledge of the equipment's potential plus forecasts provided him of the area's rate of development. He then makes a complete report that becomes the basis of plans for the future.

Jim can take a look at his own future, too. In telephone engineering he can see a great many opportunities opening up in the next five years... ten years. He can pick the one he wants and start working toward it.

Jim graduated from Northwestern University as an E.E., class of 1952. His progress since then is typical of college men who have chosen telephone careers. If you'd be interested in a similar opportunity, see your Placement Officer for full details. There are also openings with other Bell telephone companies, with Bell Telephone Laboratories, or Western Electric and the Sandia Corporation.

Thank You, God

Thank you, God, for my baby... and help me to be worthy of him. He is such a blessed little bit of humanity... so innocent... untouched by the many evils of the world.

There is so much to teach him, and You have chosen me to be his teacher. You have placed a soul in my clumsy hands, and I am humble before your gift.

How well I realize that in my wonderful task I need the help of the greatest Teacher... Your help. My constant prayer will be for guidance... so that I may teach my son what is right... so that I may set his tiny feet in the right direction on the path of life, and guide his dear little mind into the right channels.

And when the time comes, my son will go to Church... because the Church is Your home on earth, and there in Your presence all that I have tried to show him will have true meaning to him, and he will believe.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
