

Racket Suspects Own Missile Sites

WASHINGTON (AP)—A firm doing subcontracting work on 60 per cent of the Nike anti-aircraft missile sites in the Chicago area is owned largely by two alleged labor racketeers, counsel Robert F. Kennedy of the Senate Rackets Committee said Thursday.

After hearing this, chairman John L. McClellan D-Ark said the Broadway Sheet Metal Co. of Chicago "ought to be immediately disbarred from doing business with the government and the Defense Department." He said he would move at once to see that this happens.

Kennedy said a one-third interest in Broadway Sheet Metal is

owned by Dominic Senese, a Chicago Teamsters Union official described as a brother-in-law of mobster Tony Accardo. Another one-third interest, Kennedy said, is held by Victor Comforte who the counsel contended has been involved in labor racketeering and recognized as an "enforcer" in labor union troubles. A third owner was listed as L. A. Moody.

Senese pleaded the Fifth Amendment in refusing to answer committee questions Wednesday. Comforte did the same Thursday.

McClellan said he would ask the Defense Department to report quickly on what it proposes to do about Broadway Sheet Metal.

Job Interviews

Monday
Aetna Casualty Co. will interview BA, ECO and Math majors for spots as field representatives.
Astrodyne Corp. will interview CH E, ME, CHEMISTRY, MATH and PHYSICS majors for positions as a chemist.
Jones & Laughlin Steel will screen BA, I ED, I ENG, ME, and PET E majors for their sales trainee program.

Monday and Tuesday
Allis-Chalmers will talk with AG ENG, EE, I ENG and ME majors for positions in engineering.
Ford will interview ACCOUNTING, BA, AG ENG, EE, I ENG, ME and PHYSICS majors for spots in two year college graduate trainee program.
General Motors will screen CH E, EE, ME, CHEMISTRY, PHYSICS and ACCOUNTING majors

for spots in engineering.
Tennessee Gas will talk with ACCOUNTING and BA majors for positions in accounting and marketing.
Shell Oil Co. will interview BA and ACCOUNTING majors for training and development positions.
Chicago Bridge and Iron Co. will interview ARCH, ENG, CE, and ME majors for practical experience.
Airborne Instruments will interview EE and PHYSICS majors for positions in air traffic control.
California Co. will interview EE, CE and ME majors for career opportunities.
Mission Manufacturing Co. will interview ME majors for career opportunities.

Tuesday
Leland, head of the Business Administration Division.
Industrial Education Wives will meet in the Gay Room of the YMCA. Herb Thompson will speak on "You and Your Husband's Job."

Hawaii Jubilant As Statehood Gets Approval

HONOLULU (AP)—They danced the hula in the streets Thursday night.

Hawaii, a melting pot of many races, celebrated Congressional acceptance of statehood.

Jubilant islanders lit bonfires, set off firecrackers, whooped it up in a noisy climax to a more than 50-year quest for admission to the Union.

Street dancing began at sunset at 14 places in and around Honolulu.

The acting governor, Edward E. Johnston, declared an immediate holiday.

"This is the biggest day in Hawaii history," said Johnston, sitting in for Gov. William Quinn, who is in Washington.

News of the statehood vote hit the island at 9:42 a.m.

Within minutes, air raid sirens, ships' whistles, auto horns and church bells joined in deafening discord.

In downtown Honolulu, office workers tossed paper streamers from windows.

On the University of Hawaii campus, students finished a 50-star flag just half an hour before Congress completed the voting. They rushed from classrooms and raised the flag on the university flagpole. The school band played the national and Hawaii anthems.

University President Laurence Snyder called off all classes until next Monday.

Kids in grammar and high schools also got a holiday until then.

Hawaii's replica of the Liberty Bell, which toured the mainland last year, was sounded for the first time in Hawaii.

At nightfall, military planes dropped flares for more than an hour off Waikiki Beach.

British, U.S. Hold Talks on Berlin

BONN, Germany (AP)—British Prime Minister Harold Macmillan and West German Chancellor Konrad Adenauer conferred for three hours Thursday on Western measures to counter the Soviet threat to Berlin.

Macmillan flew into the West German capital barely half an hour after Soviet Premier Nikita Khrushchev left East Germany for Moscow.

Khrushchev wound up an eight-day visit with a bid to the Western powers to meet at the summit "as soon as possible."

Macmillan said on arrival he was convinced there should be talks with the Soviets this summer. He urged the West to adopt a flexible position.

"We all stand together but in the methods of defense we must remain elastic," he said. In general, the West Germans have taken a chilly attitude toward the British idea of elasticity, on the grounds it could mean giving up long-held defensive lines without any concessions from the Soviets.

Macmillan saw French President Charles de Gaulle earlier this week. Next week he goes to Washington where he will see President Eisenhower.
