

# Journalists to Publish New Braunfels Paper

Ten journalism majors at A&M will publish the New Braunfels Zeitung-Chronicle for one issue during the Easter holidays, according to D. D. Burchard, head of the Department of Journalism.

The crew, composed of seniors, juniors and sophomores, will plan the entire issue and do all the work that is required to publish the edition, except the actual printing.

Heading the student staff are Gayle McNutt, editor, and Bill

Reed, advertising manager. Presently McNutt is executive news editor of The Battalion and Reed is a news editor.

The purpose of this trip is to give these 10 students practical experience in the actual publication of a newspaper and to give prestige to A&M, Burchard said.

Plans for the issue, which will be dated April 3, calls for a 32-page edition.

"This is somewhat unusual since the Zeitung-Chronicle is normally only an 8-page paper," Burchard said.

According to Burchard, none of the student staffs that have gone out in the past five years have ever failed to at least double the normal page number of the newspapers they publish.

Other members of the editorial staff are James Coston, managing editor; Robert Kerr, staff photographer; and Jack Hartsfield, general assignment.

On the advertising staff are John DiBattista, assistant advertising manager; and ad salesman, Marvin McCree and James Gibson. Robbie Godwin will serve as a combination man on both the advertising and editorial staffs.

# High School Day Groundwork Laid

Hometown club presidents and representatives met yesterday afternoon in the YMCA to lay the groundwork for the 11th annual High School Day to be held April 8.

Representatives were instructed on how to arrange for high school students to attend High School Day. They were also given forms to take to high schools in their area to obtain names of senior students who are interested in attending A&M.

The purpose of High School Day is to give outstanding high school seniors a preview of life on the A&M campus. The program will begin at 9 a.m. April 18, and will include a color movie of life at A&M, group tours of the campus, Sports Day at A&M and an inter-squad football game by the Texas Aggie football team.

Any hometown club representative not at the meeting yesterday afternoon may obtain the necessary printed forms and information at the Office of Student Activities, 2nd floor of the YMCA, according to C. G. (Spike) White, recreation and entertainment managers.

These lists of high school seniors attending High School Day must be turned in by April 3. White said hometown club representatives should pick them up as soon as possible if they have not done so already.

# Colorado Prof To Address ACS

Dr. Harold F. Walton, professor of Chemistry at the University of Colorado will speak in "Studies in Uranium Geochemistry," to the A&M-Baylor section of the American Chemical Society in the Science Hall at Baylor University Monday.

Walton has published information on electrochemistry, analytical chemistry, colloidal electrolytes and ion exchange. His publications include information for three text books and articles for the Scientific American.

Walton was born in England and obtained his B.A. and D.Phil. degree from Oxford University. He spent one year at Princeton and two years at Permutit Co. in Birmingham, N. J. and began his academic career at Northwestern University in 1940. Since 1947 he has been at the University of Colorado.

# Speech Team Grabs Third in Tourney

The A&M Speech and Debate Team placed third in the senior division of the Northwestern Louisiana Institute's Invitational Speech Tournament at Nacitoches, La. last week.

Participating in the event were two seniors and one junior team. One of the senior teams was composed of Jay Hirsch, president of the A&M Speech and Debate Club, and Andy Schouvaloff. Oliver Kitzman and Jim Dennis composed the second senior team. The junior team consisted of Don Williamson and Dennis Schepps.

Hirsch qualified for the finals in the preliminary rounds in oratory and poetry and placed third in poetry in the finals.

Dennis also qualified for the finals but failed to place.

# Ch.E. Juniors Set Field Trip Monday

Junior chemical engineering majors will travel to the Houston-Beaumont area Monday for their annual three-day field trip, according to Dr. J. D. Lindsay, head of the Department of Chemical Engineering.

Purpose of the trip is to show students the manufacturing processes used by different companies, let the companies know that A&M will have graduates in their field and let the students know there are jobs waiting for them, he said.

Companies that will be visited are the Magnolia Refining Corp., the Koppers Co., DuPont, the Texas U. S. Chemical, Sheffield Steel and the Champion Paper Co.
