Arizona Tiptoes Past Runless Aggies

By Marlin Resident

Unidentified Aggies Get Commendation

On May 28 President M. T. Harrington received a letter from John E. Lloyd of Marlin commending two Aggies for going out of their way to prevent Lloyd and his wife from being involved in a possible auto accident. The letter went as follows:

Dear Sir:

I wish to express my appreciation through the medium of this letter to two of your students and hope that you will find an opportunity to thank them for me publicly.

On Sunday evening, April 17, about the time of dusk, they extended a helping hand to my wife and myself approximately three miles south of Marlin. The fuel line of our car had become blocked leaving us stalled on a long bridge on the route to Marlin.

These two students were returning to Bryan, recognized our dilemma, stopped, reversed their direction and returned to render assistance. At great inconvenience to themselves, they helped us off the bridge and pushed us into a safety zone away from the path of fast traffic.

It is not especially for the

occasion of helping us avoid a possible accident for which they are to be commended, but also for the sincere concern over our plight, their pleasant manner and their selfless effort to help others less fortunate than they.

For their actions they are to be commended as they in no small way reflect great credit upon themselves and their school. They have indeed upheld the traditions which so richly are endowed in your fine institution.

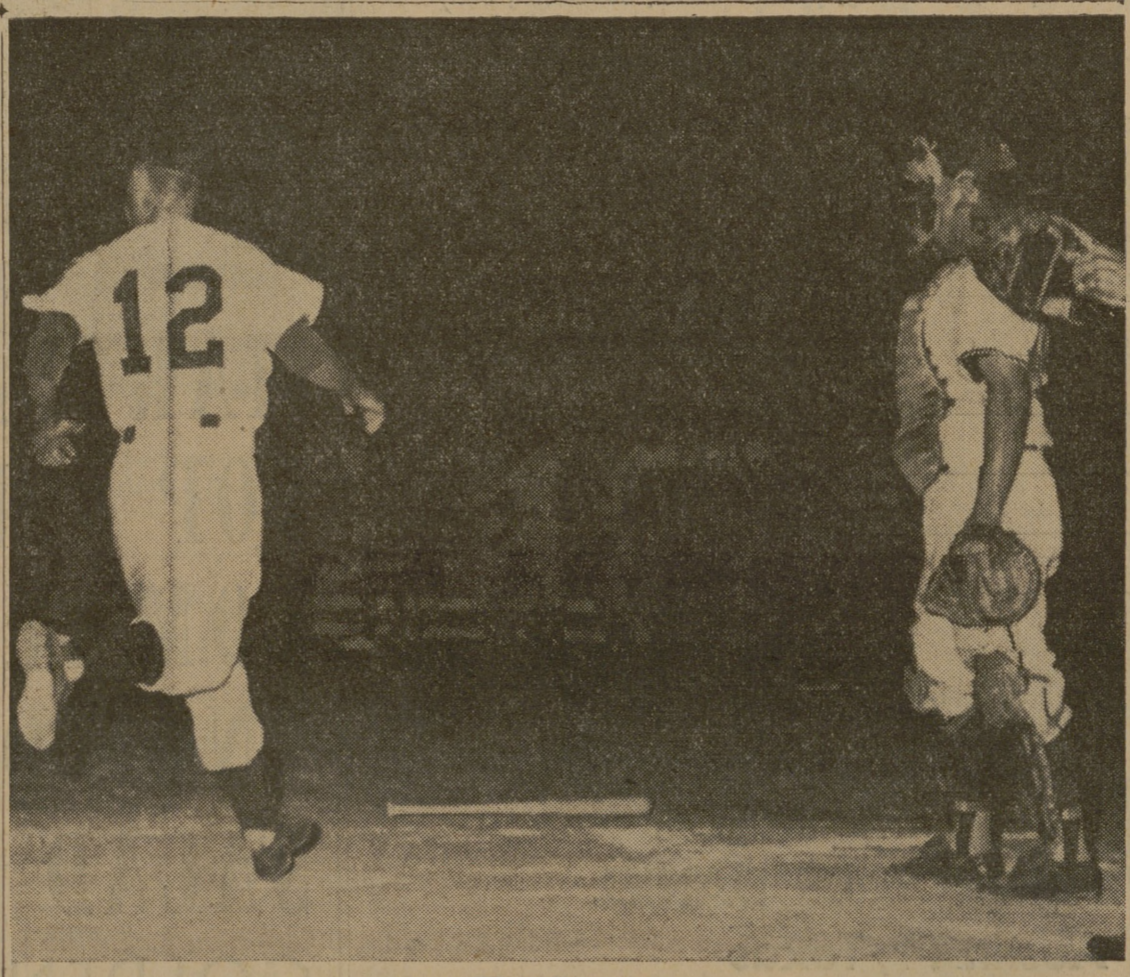

Unfortunately, the confusion existing at the time of this incident caused us to forget their names. In your efforts should you discover their identity, please convey our sincere thanks to them. Otherwise simply regard this as my feeble effort to thank you for the outstanding performance of those two students who are indeed deserving of much praise.

Sincerely,
John E. Lloyd

President Harrington answered Lloyd's letter with a letter on the same date. His letter included this paragraph:

I am sorry that we do not have the names of these two students to thank them publicly, but we will make every effort to do so. Our students are finishing their final exams this week and most of them will be leaving for the summer so that it will be difficult to locate them, but I do want to thank you for writing.

Whoever the two Aggies may be they surely deserve a pat-on-the-back from everyone connected with the school.

The Run

Arizona Second Baseman Jerry Lewis crosses the plate in the fifth inning to score the run that won Tuesday night's game against A&M. The win gave the Wildcats a

clean sweep of the series with the Aggies and enabled them to advance to the College World Series. Arizona took both games from the Aggies by 1-0 scores.

Meeting Set Here Of State 4-H Clubs

Contestants, agents, leaders and friends of 4-H club members from all over Texas will be here for the Texas 4-H Roundup, Tuesday through Thursday of next week.

According to Floyd Lynch, state 4-H club leader and chairman of the 4-H Roundup Committee, there will be two teams from each of the twelve agricultural extension districts. Lynch also stated there would be about 2,000 boys and girls taking part in the contests.

Guest speakers for the assembly in Guion Hall Tuesday will include Mackey Ivy, vice chairman of the Texas 4-H Council; Richard Sherman, a member of the Roundup Committee; John E. Hutchinson, director of the Texas Agricultural Extension Service; John Gardner, a member of the Roundup Committee; and special guest, Dr. Kenneth McFarland, educational consultant and lecturer for General Motors.

Summer Session To Begin Monday

First term of the 1959 A&M summer session is scheduled to open Monday with registration from 8 a.m. until 12 noon in Sbia Hall.

Classes will begin Tuesday at 7 a.m.

Thursday, June 11, is designated as the last day for enrolling in the college for the first term, and Friday, June 12, is the last day for making changes in registration.

Movies, Dances, Sports, Etc.

Bright, Lively Entertainment Awaiting Summer Students

Students attending summer school at A&M should have a good old rockin' 'nd rollin' summertime as far as entertainment goes.

Through the efforts of W. L. Penberthy, director of Student Activities, a summer of full entertainment has been arranged.

By paying the \$3 voluntary student activities fee the summer session students will be able to see movies in The Grove each night at 8, Monday through Friday, beginning Monday and continuing through August 26.

Summer Operetta

Movies will not be shown on the nights of July 14, 15, 16 and 17, Penberthy said. On the 14th and 15th of July the Summer Operetta will be held in the Memorial Student Center Ballroom. Penberthy

said that Rogers and Hammerstein's "Trial by Jury" is planned for the operetta.

July 16 is the night before finals and the 17th is the date for the first session final examinations.

Students will be able to see some movies plus the operetta, an average of slightly under 10 cents a showing.

List Issued at Registration

A list of the movies to be shown in The Grove will be given to students as they register Monday. All movies are of top choice.

The MSC will again sponsor dances each Monday night beginning this Monday. The dances will continue until the Monday of August 24.

A music series will also be sponsored by the MSC. The series, featuring talented guest musicians, will begin Sunday, June 14, and will continue every Sunday until August 16.

Sporting Events

Other entertainment will be provided through sporting events,

Teasing Cats Take Both Games by 1-0

Aggie righthanders Percy Sanderson and Wayne Schaper hurled superbly Monday and Tuesday nights at Travis Park, but their efforts were heartbreakingly null as the Aggie stickmen were incapable of producing runs.

Arizona grabbed both games in the best two out of three NCAA Region 6 series by the sneaky tune of 1-0. The wins enabled the Wildcats to advance to the College World Series in Omaha, Neb., their fifth trip to the event.

A crowd of 3,800 saw lean Percy Sanderson and Al Ward in a brilliant pitching duel in the first game Monday. Sanderson, at his best struck out 13 Wildcat hitters and walked only two. He yielded five hits, struck out five, pitched a cool

Haas Resigns MSC Position

Charles G. Haas, assistant director and business manager of the Memorial Student Center, has resigned, effective July 31, to become business manager of Stephen F. Austin State College at Nacogdoches, it was announced this week.

Haas came to A&M in 1949 with the Fiscal Department. In 1951 he joined the MSC and in 1952 was named to his present position.

He attended A&M in 1943-44 and graduated from St. Mary's University, San Antonio, in 1948.

Active in civic and church work as well as professional organizations, he is a member of the College Station Citizens' Advisory Committee of the A&M Consolidated Independent School District Board, president of the College Station Lions Club, 1957-58 and served as president of the College Station Recreation Council in 1957-58.

It was shortstop Charley Shoemaker's double to left center in the fifth inning that scored Larry Hoffman and broke up the deadlock.

Ags Threatened

The Aggies threatened in the third as Stuff Davis beat out a bunt down the third base line to lead things off. Dink Patterson sacrificed Davis to second and Davis went to third on Sanderson's ground out. J. B. Carroll drew a walk and then Davis was out at home in a futile double steal attempt.

Again in the eighth frame the Aggies looked as if they would come to life when the pesky Davis rifled a single through the box into centerfield. He was sacrificed to second by Patterson and went to third on another ground out by Sanderson. But the threat was again smothered when Windel Reed bounced out, short to first.

A&M left two runners stranded in the ninth. After Gary Herrington and Byron Barber went out on long flies, Dick Hickerson singled to right and shortstop Ralph Plumlee drew a walk. Davis then grounded to third where Jesus Ruiz made a great play to force Hickerson.

In the second contest Tuesday the story for the Farmers was the same—superb pitching, weak hitting.

Haas is an active worker in the Boy Scouts organization and is a member of the Brazos County Chapter of the National Foundation for Infantile Paralysis and the College Station Youth Recreation Facilities committee. He served as chairman of the board of stewards of the Our Saviour's Lutheran Church, treasurer and a member of the church council.

He is a member of the National Assn. of College Unions' Photography Committee, the Texas Restaurant Assn., the Texas Hotel Assn. and the National Restaurant Assn.

Schaper yielded six hits, struck out three, walked none and still lost it. Burdette Morago started for the Wildcats and tossed a four-hitter. He was relieved in the ninth by Miles Zeller after the Aggies got two men on base with none away.

Morago fanned three and gave up five walks.

Again the fifth frame was the big one for the Wildcats. With two away, Jerry Lewis stretched a double into a triple when the ball got away from Byron Barber in left field. Bob Wilson followed with a sharp grounder between first and second for a single to score Lewis despite a great stop on the part of Aggie Second Baseman Patterson.

Under the fellowships students may be employed in teaching, research or similar activities up to one-fourth time during one of the three years of his fellowship or up to one-half time during one semester and he may receive payment for such work. Moreover he may receive an additional scholarship or beneficiary aid from his institution.

Both clubs showed signs of life in the ninth. Arizona left two men stranded after Ruiz and Matt Encinas hit singles, but Schaper got catcher Alan Hall to fly to center to retire the side.

Stuff Davis, the Aggie sparkplug, opened the Aggie ninth with a ripping single through the box. Patterson bunted in front of the mound and all runners were safe when the Wildcat hurler chose to throw to second, Davis beating the throw.

Wildcat Coach Frank Sancel then brought in Zeller to pitch for the tiring Morago.

Schaper went out, trying to bunt on third strike. Zeller walked Carroll to load the bases and then Randy Wortham, hitting for Reed, took a called third strike. Barber grounded to short to end the game.

Eight Fellowships Given to College

A&M has been awarded four fellowships in Structural Engineering and Mechanics and four fellowships in Physics by the Department of Health, Education and Welfare under the New National Defense Act, Dr. J. B. Page, dean of the College and the Graduate School, announced this week.

A fellow must be a national of the United States or in this country for other than a temporary purpose. He must subscribe to the affidavit and oath or affirmation set forth in Title X of the act. A fellow must have completed the baccalaureate degree or its equivalent. He may not have completed more than a half-year of previous graduate work toward the Ph.D. degree or equivalent degree. Preference will be given to applicants who are preparing to teach in institutions of higher education. A fellow must devote essentially full time to study or research in the program in which the fellowship is awarded.

The stipends will be \$2,000 for the first year, \$2,200 for the second and \$2,400 for the third year, plus \$400 for each year on account of each dependent.

Under the New National Defense Act normal tuition and out-of-state fees will be paid and in addition A&M can receive direct payment

Teacher Presented With \$200 Award

Mrs. C. K. Leighton was presented a \$200 award by the American Seating Co. during a breakfast held last Friday by the elementary faculty of the A&M Consolidated Schools.

Mrs. Leighton received the award for writing a paragraph on the relationship between good furniture and the elementary school curriculum. The elementary teachers also presented Mrs. Leighton with a gift expressing their appreciation for her years of excellent teaching.

Following the breakfast, Mrs. G. M. Watkins presented an illustrated science lecture, "The World We Live In." She used original colored crayon drawings, pictures from Life Magazine and various arrangements to illustrate aspects of air, water, light and soil.

Guest at the breakfast were C. K. Leighton, Mr. and Mrs. W. T. Riedel, Mrs. P. H. Robeson, Joe Henry, Mrs. Harry Dunbar and Lonnie Crawford.

New Officers

Dr. Fred O. Sargent, left, of the Department of Agricultural Economics and Sociology is the new president of the A&M Chapter of the American Association of University Professors, and Dr. E. E. Stokes Jr. of the Department of English is the new secretary-treasurer.
