

'Operation Bus'

Housing Office Gives Rides, Too

By TOMMY HOLBEIN
Battalion Staff Writer

"It may sound strange, but whenever a campus organization needs transportation, they usually come to the Housing Office to get it," said Allan M. Madely, assistant Housing Office manager.

Madely said this was accomplished through "Operation Bus," a system through which the Housing Office offers transportation to clubs teams and other organizations wishing to make trips.

Four Station Wagons

"At present, we have four station wagons and one 12-passenger bus at our disposal, which are stored in the Department of Buildings and College Utilities," said Madely. "We charge eight cents a mile for using the station wagons and 12 cents a mile for the buses. The Housing Office pays all expenses for the trips out of this charge."

"Usually, the vehicles are used by judging teams on their frequent trips to contests and their respective departments pay the charges on the transportation," said Madely. "We almost always have at least several of them in use and quite often all of them are rented at one time. For example, we have had as many as four station wagons in Chicago together on one trip."

Have Traveled Far

"The longest distance one of our vehicles has traveled, has been to Portland, Ore., made by the Range and Forestry Club, which traveled there between semesters in the 12-passenger bus," said Madely.

He said that the bus has been to Washington, D. C., on several occasions and at least once or twice each year, the vehicles are used by judging teams to go to Chicago.

Madely said the vehicles must be driven by staff members and can only be rented to groups connected with the college.

"Operation Buses" began after World War II when the freshmen were quartered at Bryan Air Force Base and needed transportation to and from classes," said Madely.

"At this time, the college had four 32-passenger buses, but the need for these diminished. Eventually, they were put to other service in the college system and several of them are still left and in use today," said Madely.

In 1948, the first 12-passenger bus was ordered, and in 1952, two more were specially made by a firm in Arkansas which specializes in turning cars into these buses, said Madely. He said another bus was purchased by the college in 1959.

Law Enforcement Chance Available

"If you are interested in a career in Law Enforcement with the Texas Department of Public Safety, you should apply now," Maj. W. J. Elliott said today.

Elliott, regional commander for the 46 County Waco Region of the Department of Public Safety, pointed out April 1, 1960 is the deadline for applicants who desire to take the Entrance Examination in April.

Over 100 vacancies are open in the Field Services of the Department of Public Safety at the present time. This means young Texans between 21 and 35 years of age, who have the necessary qualifications, have a grand opportunity to join one of the nation's most respected law enforcement organizations as a Patrolman in Highway Patrol, Drivers License, Motor Vehicle Inspection or License and weight.

Transportation Speakers

Six top experts on transportation will speak before delegates to the Second Conference on Transportation, sponsored by the Texas Transportation Institute and its Citizens Advisory Committee March 31. Left to right, top row, speakers are: Everett Hutchinson, member of the Interstate Commerce Commission, Washington, D. C.; Gordon C. Locke, general counsel and executive secretary of the Committee on Oil Pipelines, Washington, D. C.; Dewitt C. Greer, State Highway Engineer, Austin, Tex.; bottom

DeWerth To Speak At Perlite Meet

Dr. A. F. DeWerth, head of the Department of Floriculture and Landscape Architecture, will be one of the featured speakers at the 11th annual Perlite Institute meeting to be held Friday at New Orleans, La.

The professor will discuss the latest developments in horticultural perlite, a light weight soil substitute material.

row, left to right, are: Daniel P. Lommiss, president of the Assn. of American Railroads, Washington, D. C.; Fred J. Benson, director of the Texas Transportation Institute and dean of the School of Engineering, at A&M; and J. Robert Cooper, chairman of the board and immediate past president of the American Trucking Assn., Detroit, Mich. The meeting is open to all persons interested in all phases of transportation. Sessions will be held at the Memorial Student Center.

Junior Pics Due Today

Juniors have until 5 p.m. today to turn in pictures of girls to be entered in judging for the Junior Sweetheart to be selected at the Junior Banquet and Ball March 26.

The pictures may be turned in at the Cashier's Office in the ground level of the Memorial Student Center.

Engineering Staff Members Counsel

Several staff members of the School of Engineering will act as counselors for the Career Days at Stephen F. Austin High School in Bryan, Wednesday and Thursday.

The counselors will be Professors Fred Hall, aeronautical engineering; S. J. Buchanan, and E. L. Harrington, civil engineering; N. F. Rode, electrical engineering; R. M. Wingren and A. B. Alter, mechanical engineering and R. B. Bossler, petroleum engineering.
