4-Day Course Planned For B-CS Citizens

A course in retail selling, designed for employers and employees, has been scheduled for Bryan Monday, according to Herb Shaffer, spokesman for the Bryan-College Station Chamber of Commerce.
The Distributive Education Departments of the Bryan and A&M Consolidated Public School System sponsor the four-day course, "Merchandising and Sales Promotion for Small Stores," which is directed by the Distributive Education Department of The University of Texas at Austin and the Texas Education Agency.
Meetings will be held at the Bryan-College Station Chamber of Commerce Board Room 7 p.m. to 9:30.
Pat Batis, specialist in merchandising, advertising, and sales from the Texas Extension Division, will conduct the sessions which include an understanding of retail profit and loss, the fundamentals of pricing, the influence of a buying plan and of trained salespeople on profitable sales in small stores.
Shaffer urges all retail businessmen in Bryan and College Station to attend. For reservations or more course information, contact the Chamber of Commerce Office.

Saturday — Partly cloudy to cloudy. Wind East 10 mph. High 73, low 49.

EPDA Slates Grad Courses For Teachers

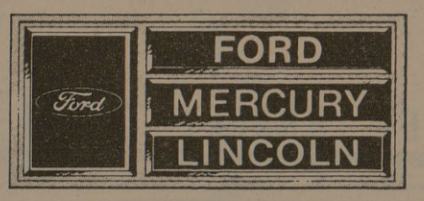

Secondary school teachers will study composition, language and literature here this summer in an Education Professions Development Act (EPDA) institute in English.
The institute formerly conducted under Title XI of the National Defense Education Act will involve 31 participants in advanced English and instructional techniques studies.
The June 2-July 11 graduate credit instructional program will be conducted by English Department faculty members and directed by Prof. J. S. Jernigan, who has headed NDEA programs the last four years here.
"Better coordination of the three basic components in English at the secondary level instruction will be the aim of the institute," Jernigan said. While increasing the participant's subject knowledge, the director said attention also will be given to developing new teaching methods, trends in literary criticism, relationship of language study to literature and composition, English language history and development, linguistics and rhetorical principles involved in writing.
Operating on an EPDA budget of about \$37,000, the institute will assist participants with a \$75 per week stipend and \$15 per week for each dependent.
"Applications from English teachers of Texas and adjoining states will be given preference," Jernigan said, "but admission will not be limited to teachers of those states."
The associate professor said that in spite of the uncertain status of the institute with cancellation of the NDEA Title XI support, over 240 application requests from all but two of the 50 states have been received.
Applications are due April 6 and participants will be notified in late April.
Instruction will be by English Department head Dr. Lee J. Martin, Drs. Harrison E. Hieth, Harry P. Kroiter and Carroll D. Laverty, Mrs. Gloria Pickle and Jernigan.

Aggie Senior Earns Two Trophies

Chris West of San Antonio won two trophies and Texas A&M rifle teams placed fifth and sixth in a large field firing recently at the National Rifle Association Invitational Match in Houston.
West, one of the top six shooters in the 14-school Southwest Rifle Association, won first firing at the conventional target. He scored 295 out of a possible 300. On the smaller international target, the senior history major shot 277 for third.
Pat Bailey of Trona, Calif., tied for fourth in the international classification.
An A&M team composed of Wayne Jordan of New Boston, Danny Huddleston, Falls Church, Va.; Johnny Snider, Ropesville, and Jerry Murawski, San Antonio, was fifth on the international target.

If you let nature take its course you may fail yours.

You were supposed to cram for calculus tonight, but somehow 35-24-35 looked more appealing than the derivative of x³.
And now it's 1 a.m. And nature can play some pretty mean tricks on a guy at 1 a.m.
Relax, take a couple of NoDoz® and stop relaxing.
NoDoz has the strongest stimulant you can buy without a prescription. And it's not habit forming.
NoDoz will help you resist nature, at least until the next time a cold hard fact loses out to a soft warm one.
