

Welcome to Texas A&M, Eric

exas A&M was visited by a special guest last weekend when ic Dickerson, the highly recruited senior from Sealy, came College Station. The bluechip running back is seen here wing varsity's horns off in between Aggie football players acob Green and Leandrew Brown at Saturday's Texas &M-Houston basketball game. Dickerson, 6-3 and 210 ounds, declined interviews but did say "I like everything I've seen (at Texas A&M.)" Dickerson, who ran for 2,642 yards last season for Class AA state champion Sealy, has received school-paid visits from Oklahoma, the University of Southern California and Texas Tech. He visited Texas A&M at his own expense. The highly-sought Dickerson has until Feb. 21, the national signing date, to decide which school will receive his services. Battalion photo by Lee Roy Lesch

full range of highly technical, extremely complex services to the petroleum and other industries. This visit, we're interviewing for positions in the following areas of our business.

Engineering

Increasingly, our customers -both major and independent petroleum companies—rely on the skills of our engineers to engineer oil and gas well cementing, stimulation, and remedial services. As a field engineer, you'll be responsible for thoroughly analyzing the needs of your customer's well, engineering the service or treatment design, presenting your recommendations to your customer, marshalling the equipment necessary to perform the service, and supervising the Halliburton personnel on the job. Field engineering demands an individual with excellent engineering abilities and who is willing to accept tremendous responsibility within a few months of joining Halliburton.
