Gov. Richards appoints Parks, Wildlife officials

AUSTIN (AP) — Gov. Ann Richards appointed three members to the Texas Parks and Wildlife Board and has asked the current chairman to stay on board to lead the panel.

Richards on Monday selected Brownsville Mayor Ygnacio Garza; Houston environmentalist Terese Tarlton Hershey; and Beaumont attorney Walter Umphrey to the panel that oversees the state's vast parks and wildlife management system.

"With these appointments, we will bring new voices and new direction to the Parks and Wildlife Commission," Richards said.

All three appointments are for six-year terms and are subject to Senate confirmation.

In 1989, the agency was at the center of controversy over reports that it stocked animals on properties owned by influential people.

Wife injured on birthday, sues husband for \$6 million

AUSTIN (AP) — A woman severely injured in a motor scooter accident during a party celebrating her 35th birthday has won a \$6 million judgment against her husband.

The lawsuit was brought against Lee Lane, an Austin radio personality and businessman, by his wife, Alicia. She sustained head injuries and is partially paralyzed because of the accident at last June's party.

Although most lawsuits by one spouse against another are brought at the same time as divorce proceedings, that is not the case with the Lanes, the Austin American-Statesman reported.

The two still are married and live in the same residence, said Mrs. Lane's lawyer, Marc Rosenthal, who confirmed the judgment.

Most negligence lawsuits also are against a defendant's insurance company, but that also is not the case in this proceeding, the newspaper reported.

Rosenthal said it would be up to Lane to invoke any insurance coverage he may have.

Because Lane did not respond to the lawsuit, his wife was granted a judgment by default Nov. 30. A state judge last week granted Rosenthal's request for a \$6 million judgment.

Lane did not defend himself in the lawsuit, but said he was shocked by the size of the judgment against him.

"I will say this. I can assure you that Mr. Rosenthal is not on the top of my hit parade," Lane told the American-Statesman. He did not immediately return a telephone call from the Associated Press.

The lawsuit claimed Lane served "excessive amounts of alcoholic beverages" to the scooter driver. It said he should not have allowed the scooter to be ridden and that he should have provided a helmet for his wife.

Thieves sought in condo burglary

Brazos County Crime Stoppers and the College Station Police Department are asking for information about a condominium burglary.

Sometime during the holiday break, thieves entered a condominium in the 1900 block of Dartmouth St. in College Station. They apparently climbed to the roof, broke a vent and crawled into the attic.

Once inside, the thieves thoroughly searched each room and then stole most things of value through a back door. Police estimate the loss to be more than \$9,000.

The missing items are a fax machine, stereo system with amplifier, AM/FM tuner, cassette deck, classical guitar, color television, portable cellular phone, cordless phone, and more than 150 records, cassettes and compact discs.

College Station detectives believe the thieves knew the resident was not home. Detectives also believe the thieves will attempt to sell or trade the stolen items in the local area.

This week the College Station Police Department and Crime Stoppers need your help to identify the persons responsible for this burglary. If you have information that could be helpful, call Crime Stoppers at 775-TIPS.

When you call, Crime Stoppers will assign you a special coded number that will protect your identity.

If your call leads to an arrest and grand jury indictment, Crime Stoppers will pay you up to \$1,000 in cash. Crime Stoppers also pays cash for information on any felony crime or the location of a wanted fugitive.

So call Brazos County Crime Stoppers today at 775-TIPS.
