Did You Ever Think??

Some people jump at a good thing when they first see it. Others realize they have seen a good thing, but are slow about acting. Then a few never know a good thing if they should meet it in the road.

The people of the first class are the leaders. Dr. Bizzell is an excellent example of this comparatively small class.

Yesterday nineteen orders for the "Pictorial Annual" were voluntarily received from the people of the second class, who did not order an annual or who did not order enough of them when they first had the opportunity.

From all indications there are only a very few people of the last class at A. and M., and none in Co "A", 2nd Regiment, for James A. Darby has sold 115 "Pictorial Annuals" in that company alone.
