
The NEW New Pictorial Annual.

The NEW new "Pictorial Annual" will contain seventy-two pictures of the A. and M. instead of thirty-six as was first planned. The reason for this enlargement was that a calendar with only three dozen views could not do justice to the College. As the Annual will be a big boost for the institution, as well as a very fine Christmas gift, we want it to be the best possible.

At present over one thousand orders have been received for the small edition. There is an increasing demand for the "Pictorial Annual," and not a single student can afford to let this opportunity pass to get a collection of pictures. The price of the large edition will be the same as that of the small one.

M. B. GIBSON,
Editor.

M. E. Student Labor.

Student labor time for the Mechanical Engineering Department should be handed to instructor not later than Tuesday, November 21. This should include time up to and including Saturday, November 18.
