In Case Fire Should Break Out.

In view of the constant danger of fire, the Commandant's office has revised the following general order issued some months ago:

Headquarters Corps of Cadets
Agricultural & Mechanical College of Texas
College Station, Texas.

General Order No. 15:

1. When fire is discovered in a building, the alarm of fire will be sounded. All trumpeters knowing of the fire will sound fire call, repeating the call several times.

2. When the alarm is given, the guard will assemble in front of the guard room. If a relief of the guard is not posted, the first relief will be posted at once. The commander of the guard will march the remainder of the guard to the fire and report it to the fire marshal.

3. Company "H" 2nd Regt., is designated as HOSE company. The captain of that company will make permanent details of nozzle and spanner men, making two details, one to act in case the other is not present. All commissioned officers of the company will familiarize themselves with the fire plugs on the campus.

4. Company G 2nd is designated as ladder company. In case

of alarm, this company will procure the ladders from the corrugated iron building east of Milner Hall and proceed to the fire. Company E 2nd will get the chemical apparatus from the same building and proceed to the fire. The 2nd Battalion, 1st Regt., is designated as bucket companies and will be in charge of the major of that battalion.

5. Upon the alarm of fire, the hose and ladder companies will proceed with the apparatus to the fire and report to the fire marshal. The bucket companies will take buckets from their rooms, fall in, and be marched to the fire and reported to the fire marshal by the major commanding the battalion, or, in his absence, by the senior captain. When recall is sounded all cadets will pick up their buckets and replace them in their rooms. In order that buckets can be readily recognized each room oc-
