To Campus Residents.

Many complaints are coming to me from campus residents on account of the numerous dogs now running at large upon the campus. They have become quite a nuisance to many people. I am today instructing the Superintendent of Buildings and Grounds to have all dogs found running at large impounded. If they are not called for within forty-eight hours they will be killed. It will, therefore, be to the interest of campus residents to keep up their dogs if they are of value to them. This order is effective on and after Friday, January 12, 1917.

W. B. BIZZELL,
President.
