

THE 1917 LONGHORN.

The management of the Long Horn has taken this page in the Bulletin to make a number of announcements which will be of vital importance to every student and friends of the Long Horn outside the corps. Read them carefully—they will answer some of the questions that may come to your mind. What? How? When? Who? How much? How many?

BUSINESS

First. The Long Horn will "come out" on or about June 1st.

Second. It will cost \$3.00.

Third. On account of the many increased costs, and liabilities which the management assumes this year, a deposit of \$1.00 will be required on every order for the book. This deposit will insure a prompt delivery of the annual and will forestall any delay that might occur, due to lack of funds to make payments to the printers and engravers.

Fourth. It is essential that an estimate of the number of books required be made when the book goes to press early in February, and therefore, if you want a book you must place your order some time soon. Captains of companies will sell these orders.

Paul G. Haines, Business Manager.

EDITORIAL.

Club Members. Have you had your picture made? This is your last change. The club plates will be made up within a few days. Club presidents should see that the money for their engraving is collected and turned in to Club Editor June Bivins, 15 Ross.

Juniors. Your pictures must be in soon, because these plates are being made up now. If your picture was made at Carters, or elsewhere, except Smiths, have the prints sent to R. G. Moreland - 80 Leggett, at once.
