Sociology Club Notice.

The next meeting of the Sociology Club will be devoted to the study of the problem of immigration. In addition to an analysis of the chapter on the subject in the text, Ellwood's *Sociology and Modern Social Problems*, the following program has been arranged:

1. Review of a recent book on the subject of immigration—Mrs. Garner.

2. A discussion of E. A. Steiner's writing on immigration—Mrs. Clark.

3. A discussion of the feasibility of the literacy test as applied in the recent act of Congress passed over the President's veto—Mr. Thomas.

The following two meetings

will be given over to a study of the negro problem. In addition to the chapter in the text, the following contributions will be made:

1. The negro problem from the standpoint of the Southern white man.—Dr Bizzell.

2. The negro problem from the standpoint of the Northern white man—Mr. Eliot.

3. The negro problem as found in the writings of prominent negroes—Mr. Hayes.

4. Controversies over lynching—Mr. McKnight.

5. Some biological aspects of the negro problem—Mr. Humbert.

6. The rights of the negro under the United States' Constitution—Mr. Clark.

These meetings are held in the ladies' parlor of the Y. M. C. A. at 7:30 p. m. on Mondays, and all members of the senior class, and those of the faculty who care to join in the discussion are invited to attend.

"So Called" Army Shoes.

Boys, after careful investigation I feel certain that, quality for quality, I am giving you fifty per cent more for your money than any dealer has offered you on "so called" army shoes. Fifty per cent is a low estimate at that I wouldn't tell you something I do not believe true. You are my friends and the friendship is worth more to me than what I make on shoes. Herman
