The Young Mens Christian Association.

The college Y. M. C. A. is flourishing now as never before. There were 27 new members voted in on Sunday, September 24th, and their meeting are fairly well attended.

The gymnasium committee has fixed a scale of prices for the use of the gymnasium which is as follows.

Use of gymnasium for one month .25 cents.

Use of gymnasium for three months .65 cents.

Use of gymnasium for nine months \$1.50

The equipment of the gymnasium is very good, but the committee intend to add thereto as fast as the funds can be obtained.

The usual Sunday evening meetings are very interesting and everybody, member or no member, is invited to attend.

The result of the census will be announced in the next issue of the Battalion.

It is a very gratifying sight to see so many of the new cadets taking an interest in the association.

There are twelve or fifteen applications now awaiting action at the next meeting. The Young Men's Christian Association is no second-class college organization. It ranks among the very first of the first-class organizations. At such colleges as Yale, Harvard, etc., it is the center of all attention, and in my mind it is the duty of every college student to first join the Y. M. C. A. and then join a literary society.

A Field Day.

In the efforts of the gymnasium committee to arouse interest in the athletics at the college, the above was mentioned. On Saturday, October 21st, beginning at 8 a. m. on the campus the first field day exercises are to be carried out, the winner in any of the contests will be allowed the use of the gymnasium for one month free of charge.
