

The Y. M. C. A. of this place is so kind as to furnish a course of entertainments excelled by none in the land, and we show our appreciation for them by purchasing season tickets and attending. On the evening of Oct. 27, the famous "Miss Nellie Chandler Concert Company," composed of sixteen young ladies, gave us a concert in our College Chapel, and have been highly praised for their excellent music. The Y. M. C. A. has no pecuniary interests in view in obtaining these entertainments for us and it is to be hoped that everyone feels repaid for money expended for tickets.

Some schools can boast of their fair young ladies, some of their smart young men, who are soon to enter the professional world, but we can boast of them all. Our young ladies are students of other institutions, but visit us quite often; so they belong to the A. & M.
