President Roosevelt says that President McKinley and President Francis of the World's Fair told him that he heard Mayor Wells and Chief of Detectives Desmond say that Isaac Taylor and Director Skiff of the World's Fair told him that Bob Fitzsimmons heard that there was no doubt that the St. Louis Star and Director White of the Department of Admissions said that Gov. Dockery and Circuit Attorney Folk said that Sheriff Dieckmann and Judge Jim Cronin had told Carrie Nation that Tony Faust and Chief of Police Kiely had declared to Frank Hall, Manager of the Broken Heart and Postmaster Wyman that it was generally believed that Congressman Dick Bartholdt and Judge Douglas stated in plain terms that they had heard Uncle Sam and Norris Gregg say that their friend Sarah Bernhardt had said Joe Lynch, the manufacturer of the only true whiskey, OLD LYNCH RYE, informed them at the election that it is well known all over the country, especially in the country towns, that Harry B. Hawes and Tom Wand had caught Chief Swingley of the Fire Department in saying that in his opinion it was a matter of fact and great public interest that General Wood, the Director of the Philippine exhibit, had said that Judge Bobby Carroll and the manager of the Broken Heart saloon had told him that Jesse Burkett, "Our Jesse," stated that Sitting Bull had, in the presence of Jim Corbett, declared that the amusement-going public of America supposed from what Senator John P. Collins and Pat Short had told him that License Commissioner Clifford and Harbor Commissioner Whyte had intimated that the World's Fair was the greatest thing that had ever happened and was worth thousands of miles coming to see and although Pierpont Morgan had bought nearly the Atlantic Ocean, there was one thing he could not buy and that was the World's Fair now in progress in St. Louis.

Very respectfully yours,
