Address all communications to Business Mgr.

THE BATTALION is now in the hands of inexperienced journalists, but we shall try to make our college paper one of interest to all and beneficial to our college. It is our purpose to set forth our college as it really is and let every one know what the grand old A. and M. is doing. We heartily solicit the help of the

student body in doing this and hope they will contribute liberally to the pages of this paper.

We are glad to note that the boys are getting more orderly both in Barracks and in Mess Hall. We also watch with eager eyes the improvement that is being made in drill.

We wish to call the attention of the Cadets to the fact that the leading business houses of Bryan are those which advertise in our college paper. We heartily solicit Cadets to trade with these houses and also with the business men of other cities who advertise with us.

We are glad to say our college opened with something near four hundred of the brightest boys in the state, and we look forward to a year that shall add another crown of gold to the A. and M. of Texas. Never has such splendid progress been made by the students in such a short time.
