

THE
SECRET OF SANDOW'S STRENGTH
REVEALED

He says it lies in the regular use of the Sandow Patent Spring Grip Dumb-Bells illustrated below:

The Sandow Patent Spring Grip Dumb-Bell is very simple, being a dumb-bell made in two halves connected by steel springs. When exercising, the springs are compressed by gripping the bells and bringing the two halves close together. The Sandow Spring Grip Dumb-Bell compels the use of energy and will power, which produces development, health and strength. The strength may be regulated by a simple arrangement of the springs.

No. 1. Children's, Pair... \$1.25	No. 3. Boys'. Pair... \$1.75	No. 5. Ladies., Pair... \$2.50	No. 6. Men's. Pair... \$3.00
No. 2. Girl's. " ... 1.75	No. 4. Youths'. " ... 2.50		

Complete in box with chart of exercises. Fall and Winter Sports Catalogue
 Free on Application.
