

the first time our goal got in danger. The Oklahoma boys then shoved their big right tackle, Tribby, over for a touch-down. There was only one minute left to play when the goal was kicked.

Our team was outweighed by that of Oklahoma by at least ten pounds to the man. They manipulated their end runs better, but considering the comparative weights of both teams, we equalled them in line bucks. At one time in the game our team got possession of the ball on our eight yard line and advanced it nearly the whole length of the field by line players before loosing to Oklahoma. With the exception of a ten yard run around our right end by Street, who got the ball on a fumble, our team made no end runs. Those who played the best ball for the visitors were. Bogel, Tribby and McCreary. Hope, Blake and Boettcher did the best playing on our side

The line up was as follows:
