SPECIAL—Owing to the heavy expense of advertising, and donations we have to make to the College, we find that we cannot afford to continue the 10 per cent discount to Cadets.

HUNTER & CHATHAM

MEN'S FURNISHERS

Yocom, who has for the past three years been the champion star navy user, has met his Waterloo in the use of the weed at the hands of Milliken, who can give him two in the game and go him one better on star navy.

On last Wednesday Sammons must have been in one of the most extended "cokes." While he was out judging some stock the instructor called on him to locate the fetlock joint and he located the shoulder blade. That night when he was reading out the delinquency reports he created a laugh by reading out this report: "Demming, not removing wash from library."

When the Agricultural students returned from Chicago last Sunday they had many pleasant experiences to tell of, but above all they remembered with gratitude the dinner given them a few nights before they left by Mr. and Miss Craig. Besides the party who were to go to Chicago, Mr. Church, Mrs. Neibert, Miss Watkins and the Misses Hutson were guests of the evening, and one and all report having enjoyed the evening.

The officers and non-commissioned officers of Company C were entertained by their sponsor, Miss Alma Cole, last Saturday evening. The officers of Company D were also present. The flight of time was forgotten so absorbed were all in the pleasures of the evening, and Sunday approached unawares. Among those present were Misses Cole, Alma Cole, Garth, Chapman, Watkins, McInnis, McConnico, Thomas, Board, Rhodes, Harbers; Messrs. Cruse, Hauck, Price, Born, Stubbs, Potts, Hensel, Crooks, Wickes, Forsgard, Downs, Wertham and Rainey.

THE LONG HORN.

The Long Horn, so Mr. Forsgard tells us, is now underway in earnest. The business manager has received several sample copies from different publishing houses. Prospects for a successful annual this year are encouraging. A full editorial board has been chosen with a view of getting the best men attainable for the different places. Mr. O. L. Forsgard was chosen editor-in-chief and Mr. D. E. Pendleton business manager by their classmates. Mr. Jas. Dean was made art editor at the same time. The following men have been appointed since the opening of school: Mr. B. Puryear, advertising manager; Mr. J. R. Tabor, assistant editor-in-chief; Messrs. W. A. Price, Hanna, Hensel and Potts, associate editors.

DON'T READ THIS

Until You Have Time to Read it all—It Will Save You Money.

From the time this ad appears until Christmas day I will give to the corps of cadets and people of the College a special inducement to get you to give me a call.

I am closing out my entire stock at greatly reduced prices. Discounts ranging from 10 to 33½ per cent. Besides regular discounts I will give to each person purchasing a bill amounting to \$5.00 or over a rebate covering railroad fare to and from Bryan. My stock is yet complete and is as high a class of goods as the market can afford. It will be a pleasure for me to show goods.

Now is the time to buy watches. Get my prices. They are cheaper than you may ever find again should you look the world over. Give this a thought. **CALDWELL,**

PROFESSOR SHAW.

A recent addition to the teaching force of the College is Mr. J. D. Shaw, instructor in electrical engineering. Mr. Shaw is a native Texan. He took his B. S. degree from the University of Texas in '01, and during the following school year taught mathematics in the Victoria high school. He then entered Cornell University where he received his degree in electrical engineering last June. From that time until he came to the A. and M. Mr. Shaw was with the Wagner Electric Manufacturing company of St. Louis. During his connection with this company he filled several different positions and gained valuable experience. Mr. Shaw was also with this company for three months during the summer of 1903.
