

ALUMNI NOTES

A member of the class of '06 received a letter from Guy F. Halton, in which he states that he can take a position with the General Electric Company at Lynn, Mass., whenever he cares to leave San Antonio. This is a compliment to the E. E. Department as there are now three members of the class of '06 in Lynn, and were they not better than the average, a position with the General Electric Co. would not be easy to get.

Dan Cushing, M. E. '91, is employed by the G. H. & S. A., as Signal Foreman, with headquarters at Del Rio, Texas. He wishes to be remembered to Charles Puryear and the "Carson Twins." He says "I was always in bed before taps when F. E. Giesecke was in charge of Gathright Hall. In those days we had to stay up until taps or be reported."

Frank N. Houston, C. E. '94, recently resigned his position as roadmaster of the Shriever district in Louisiana and is now section foreman with headquarters at Jeanerette, La. He was Senior Captain in 1894.

A. F. Mourmand, C. E. '95, is Resident Engineer of the Morgan's Louisiana and Gulf with headquarters at Lafayette. His legs are still "long enough to reach the ground," says another graduate.

J. D. Metcalfe, C. E. '06, is rodman for the N. O. G. N. Ry. at Bogalusa, Lee's Creek, La. He writes that he is "getting along fine," and as an evidence of this, he encloses his subscription.

A LETTER FROM GLEASON

We have received the following letters from members of the class of '06:

Wilkinsburg, Pa.
Sept. 8, '06.

Mr. T. E. Holloway,
Editor The Battalion,
Dallas, Texas.

Dear Holloway: Your circular letter of the 1st was forwarded to me here in Pittsburg. I am glad you have sent these letters out and think it a very good thing to do to remind the Alumni of their college paper another year. There is a great deal to interest me in The Battalion and I am sure it will be so with all others who have recently left the college.

I am with the Westinghouse Elec. and Mfg. Co. as an apprentice, and find my work very interesting. There are here, also, Ramsay, Allen, and Pirie, who no doubt will be glad to see The Battalion when it comes and may write you of their whereabouts.

You may count on me for a subscription and give my name to Moore, to whom I will send my subscription as soon as he is located at College Station. You have my best wishes and what little support I may be able to give toward making The Battalion

Ira L. Williams, M. E. '03, was married last month to a young lady who hails from St. Cloud, Minn. He is now employed by the S. P. Signal Department in Houston.

J. W. Puckett, C. E. '04, is in charge of a civil engineering gang on the Mexican National Railway. His address is now Del Rio.

G. S. Johnson, M. E. '03, is Signal Superintendent, Morgan's Louisiana & Texas Ry. His address is Lafayette, La.

Harry A. Washburn, C. E. '06, is doing C. E. work at San Saba. He is working with J. Carter, another A. & M. man.

H. Farmer is an instrumentman employed by the Southern Pacific. He is in Houston.

H. E. Burns, C. E. '06, is a draftsman for the Southern Pacific. He is in Houston.

Paul Sternburg, M. E. '05, is a draftsman for the Otis Elevator Co., Houston.

Robert Burney, C. E. '06, and A. F. Wilson, C. E. '05, are in New York.

B. Marburger, C. E. '05, is resident Engineer at Navasota, Tex.

Yale Oliver, C. E. '05, is now employed by the Southern Pacific.

L. Gugenheim, E. E. '05, is taking post graduate work here.

R. W. Hofmann, C. E. '06, is a rodman at Lafayette, La.

a success this coming session. Send it to me at Pittsburg, Pa., Wilkinsburg, Sta., 427 Center St.

Your friend,

Benn Gleason, '06.

COLLEGE REGALS

Every point of Style, Fit and Wear that a college man demands of his shoes you will find in the Regal College Models. Regal Quarter-Sizes guarantee you a perfect fit, and the very finest leathers, linings and finishing materials make certain the wearing qualities of Regals.

You can secure these college styles of our special agent at your college. G. E. Skaggs, No. 17, Austin.

ATHLETICS—THE FIRST FOOTBALL GAME.

Saturday the squad treated the corps to the first game of the season. While the game was a little one-sided, it served its purpose of showing up the players and the workings of the new rules. The difference noticeable to an outsider was the increased number of end runs and the frequency of kicking. Many of the new players are showing up in most promising style, while the old players have improved to a noticeable extent at all points. Ross is great at interference, and it makes one jump for joy to see him play tenpins with his opponents. Hamilton was very successful in punting and in trying at goals. He has a good reputation to sustain and we are sure he will do it. Sims and Marlow are both fast, hard workers and Murphy is going to be a hard man to root out of right half. Captain Puckett is at his old trick of smashing interference, and made many pretty gains. Cornell has also increased his speed and ability to gain ground. Dale got through several times to smash the plays. Utay at line bucking is as great as ever and can always be depended upon to make a good gain. Kelley made runs anywhere from ten to sixty yards. He can't hurdle this year but up is the only direction he doesn't dodge. Pete Bittle says that if Choc wants any interference he will have to walk. We are proud of the whole squad and feel confident that there is a string of victories ahead. This is the way they lined up at the kickoff:

Schmidt	C	Dabney
Dale, I	R G	Beasley
Dale, J	L G	"Cely"
Moore	R T	Smith
Cornell	L T	Borah
Ross	R E	Marlow (Capt)
Puckett (Capt)	L E	Simmons
Kelley	R	McDaniels
Utay	I	Rippetoe
Murphy	R H	Maness
Hamilton	L H	Caldwell

Spikes, Noguess, Garnick, and Martin went in the second half.

The new backing dummy has arrived and has been erected. It furnishes great sport for the small boys and onlookers. It will be painted yellow and black.

All the company teams are out running signals and trying a little scrimmage work now and then for excitement. The captains and managers will meet this week to arrange a schedule and to discuss the advisability of awarding the winning team with jerseys as was done this spring to the winning baseball team.

It is a little early to mention baseball, but as the team must be selected from those who enter this term, some idea of what we will have in the way of a team may be formed.

Capt. Smith expresses himself as very much pleased with the outlook, and as he already knows many of the new players, we can do no better than to accept his word that our base ball team is going to be a hummer.

The senior class has the thanks of everyone interested in the success of the team. There is no doubt that their posters, were responsible for the corps remaining on the side lines during Saturday's game. Now why not issue a "proc" relative to cheering. Hardly a play during the whole game was rewarded with even a murmur. Let's get busy, fellows. "Keep on the side lines," and cheer the players every time they deserve it—and that means all the time.

OFFICERS OF AUSTIN LITERARY SOCIETY.

The following officers of the Austin Literary Society were elected last Saturday night. They will serve during the fall term:
President—Casey, P. D.
Vice-President—Ellis.
Secretary—Weinert.
Treasurer—Polansky.
