ATHLETICS.

In reading the accounts of many of the northern games, one is impressed with the fact that the new rules are decidedly unpopular. Every player seems to have a pet grievance: the backs because hurdling is abolished and line bucking practically so, for it is not often profitable to waste, by hitting the line, a chance of making a good end run; the ends, because their work has been made harder and, they claim, more dangerous. It is up to them to stop nearly all the plays, and the frequent punting also adds to their work. The linemen, too, say that, owing to the distance between the scrimmage lines, it is harder to hold their men. However, it may be that as the new game becomes better understood, more may be gotten out of it than out of the old-style play. But we certainly used to enjoy seeing the guards carry a whole team along in the old guards back play.

T. C. U. is reported as having a fast team. They and Austin, too, held closely to the old game, seemingly afraid to try any new stunts. Fort Worth put it on T. C. U. 6 to 0, and Varsity more than tripled the dose. What are we going to do? The team requests your presence on the side lines and would be very much pleased if you would make a few of Sambo's funny little noises—noises that sound like big full-hearted yells. Our team is improving rapidly, and a good game can be looked for next Saturday.

About forty applications for next year's baseball team have been handed in, and more are coming in every day. We have six pitchers, two catchers, and from three to four for each of the other positions. Owing to the large number of applicants and the known quality of a great many of them,

we can safely predict that A. & M. will have the best team she ever put out, and the best college team in the South. All that intend to go out should hand their names to Smith at once.

When the Athletic Council elected Reichenstein assistant manager, they secured the "bird" of the whole corps. Rick was our star half last year, and nowhere can be found anyone who will do more to make the team a winner. He is always on the spot, and richly deserves any honor that can be given him.

JUNIOR CLASS PIN.

The committee on pins of the Junior Class met last week in Mr. Huff's room. Mr. H. S. Woods, who is agent for a college jewelry company, was present with designs. After looking over half a dozen catalogues, the committee chose three designs, and asked Mr. Woods to send for samples of them. When these samples are received, they will be shown to the juniors, who will vote on the one they prefer.
