Patronize Benson's Barber Shop

Benson's Campus Barber shop is the place for good work.

The drum major of "The Kilties" stands 7 feet 2 inches.

The north bound I. and G. N. train now leaves College at 10:08 a. m.

C. A. Richenstein has been elected student manager of the football team for next season.

Some interesting letters from E. E. graduates will be published in The Battalion in a week or so. It seems that graduates from the E. E. department are the most loyal of our alumni, if letters to The Battalion and to students and professors here may be taken as an evidence of loyalty.

The College farm is experimenting with a few acres of alfalfa. If it proves to be a paying crop on this type of soil the acreage will be increased next season, and will be a good brace to the dairy business, which has so far been the most profitable adjunct to the college farm.

Bryan is to have a new implement, harness and vehicle house, owned by a stock company with \$25,000 capital. The company was organized by Messrs. Parks, Waldrop, Haswell, Moore and Buchanan, and will occupy a new \$20,000 brick building to be erected on the present site of Buchanan's saddle shop.

We regret very much to lose the services of Prof. Johnston as he has served the college very efficiently for several years, and has proven to be a congenial instructor, ready to do any reasonable thing to help his pupils. In leaving us he carries the best wishes of the student body and we feel sure of his success in anything he undertakes.

"The Kilties" will give a concert in the chapel, Saturday afternoon. This will give the students a chance to hear one of the most famous bands in the world. This band has many rare and costly musical instruments, and every man in the organization is an artist with his particular piece, so that it will be well worth any one's time and money to hear them.

As it is only a few weeks until base ball training begins, every man who wants a place on the team should be getting himself in shape to do the work. Our team this year should beat all records. Captain Smith will likely be stronger than ever as a pitcher of puzzling strikes, and several freshmen promise additional strength in the field. Joe Wessendorf is still there to "get 'em while they're hot," and our field is the same as solid.

Private Bible study is an actual realization at A. and M. now. One or two classes have been organized on each floor of every dormitory and practically every man has expressed an interest in the work. The classes meet in the rooms of the leaders at their most convenient time once a week, and after reading a few chapters the main points are taken up for a systematic discussion and exchange of views among the men.

A dispatch to the Houston Post says that the membership of the A. and M. Club at Palestine is to be increased, and that the association will in a short time be one of the strongest in the state.

A number of cadets from College after seeing the play "Everybody Works But Father" in Bryan Saturday night, repaired to the skating rink with their partners, and spent an enjoyable hour on the "little wheels."
