NUMBER 22

New Spring Styles

in

Walk Over Shoes

WE are now showing 25 new Spring styles in Walk Over Shoes and Oxfords; every correct toe and kind of leather is represented in the line, including several new styles out this season for the first time in patent vici, patent colt, gun metal calf, velour calf, vici kid and tan Russia calf. These famous shoes are being improved every season in both workmanship and material, and today stand without a rival in high grade shoes, at the popular price of

\$3.50
and
\$4.00

See display of the New Spring Styles in our show window.

CORRECT CLOTHES FOR MEN
Parks & Waldrop

FIFTH LYCEUM COURSE.

WILL VISIT GALVESTON.

Temple Quartet at Chapel Last Saturday Night.

The Temple Quartet Concert Company of Boston was well received here last Saturday night. The members of the company are P. P. Baker, baritone and accompanist; T. D. Powell, first tenor; E. F. Webber, second tenor; A. C. Steele, basso. They were assisted by Miss Catherine Cole, reader, who was encored again and again.

The program was as follows:
"Sailor's Song".....Hatton Temple Quartet
"Character in Outline".....Short Miss Cole
"Good Night Little Girl"....Macy Mr. Powell
"Anabel Lee".....Van ae Water Temple Quartet
Selected.....Mr. Baker
A Cutting from "Dombey and Son".....Dickens Miss Cole
"The Phantom Band".....Thayer Temple Quartet
"The Lighthouse".....Krusch Mr. Steele
"The Talking Machine".....Ballie Miss Cole
"Abide With Me".....W. A. Potter Temple Quartet

The next Lyceum entertainment is due to arrive here Saturday, the 16th. On that occasion the reader, Miss Katherine, will be with us. She comes to us highly endorsed, and we are sure she will score a hit.

Prof. Fermier Arranging Trip to That City for M. E. Students.

The Galveston News has the following:
Prof. Fermier, in charge of mechanical engineering at Agricultural and Mechanical College, has written Mayor Landes for information regarding the city, and stated he was trying to arrange to bring a body of students from that college to Galveston on a trip of inspection of the different engineering concerns.

In the course of his communication he states that it has been his experience that students gain a great benefit by visiting and seeing for themselves such engineering features as would be of direct interest to them, and that he was in communication with Galveston as a desirable place to visit.

A reply has been made to the letter of such a nature that it is expected a body of the students will pay Galveston a visit in the near future. Every consideration will be shown them and every facility afforded them for obtaining all the information they may desire.

DIRECTORS AT COLLEGE.

The board of directors, with the exception of the president, Judge Leggett, spent several days of last week at College Station. They inspected the grounds, buildings, and the various departments. They came to College from Prairie View and Anstine.

NEW Y. M. C. A. OFFICERS.

CORNELL ELECTED PRESIDENT FOR THE COMING YEAR; WEINERT VICE PRESIDENT.

DELEGATES TO DALLAS CONVENTION.

General Secretary Powell and Several Students May Be Sent.

As the constitution of the association requires new officers to be elected for the ensuing year before the beginning of the spring term, a meeting for this purpose was called by the president.

The officers elected are: Cornell, president; Weinert, vice president; Symes, secretary-treasurer; Ward, chairman of Bible Study Committee; Leggett, chairman of Membership Committee; Evans, chairman of Finance Committee; Ellis, chairman of Program Committee; Bower, chairman of Entertainment Committee.

It was decided to send, if possible, our general secretary, Dr. Nathan Powell, and several students to the State Convention at Dallas, to be held during the last days of this week. It is probable that several of the cadets going to the Stock Show at Ft. Worth may find time to go from there to Dallas for the convention.

After the meeting adjourned, there was a meeting of the old and new officers.

A. & M. CLUB AT PALESTINE.

At a rousing meeting of the ex-cadets of the Texas Agricultural and Mechanical college, the Anderson county alumni was organized Monday night and the following officers elected: H. L. Wright, president; V. H. Foy, secretary and treasurer. The following membership was enrolled: C. A. Strieber, L. G. Lenert, J. E. Abrahams, E. C. Erhard, C. B. Soles, Dr. George R. Howard, T. L. Horn, G. A. Kohler, O. W. Myer, C. A. Johnson, W. O. Clegg, H. S. Davenport, J. O. Berryman, E. J. Foster, George Radford, Clarence DuBose, John R. Hearne, Jr., William F. Reeder, Earle Butler, J. Orin Cutter, Ben Sarvis. The membership will be increased, and the Anderson county association in a short time will be one of the strongest in the State.—Houston Post.

BOOMING A. AND M. COLLEGE.

Prof. E. J. Kyle Visits High School and Notes Work of Pupils.

Prof. E. J. Kyle of the Agricultural and Mechanical College is here today from College Station. He spent much time at the high school, and in addition to inspecting the work being done by the pupils he did not neglect to speak a good word for the educational institution he represents.

It is probable that he will address a gathering of farmers of this section tomorrow morning on the subject of truckgrowing.—Houston Chronicle.

A. & M. COLLEGE TEXTILES.

Samples of A. & M. Weaves Sent to Legislature.

The following article is clipped from the daily press:

Senator Harper of Limestone county and Representative W. C. Davis of Brazos county have received from the Agricultural and Mechanical College books of samples of cotton goods woven by the students of the textile department of that school. The samples cover a pretty wide range—in plain and fancy weaves, unbleached, bleached and colored goods. Experts say it is the finest line of goods ever manufactured in a Texas cotton factory. The samples include:

A plaid gingham in white, black and light blue, three yards per pound, value 30 cents.

A striped gingham in white and blue, four yards per pound, 15c.

A fancy weave dress goods, black and white, three yards per pound, 30c.

Two samples jacquard in white and blue, fancy weaves, three yards per pound, 45c.

A black and white shepherd's plaid, two yards per pound, 40c.

A fancy striped madras, white, light blue and pink, three yards per pound, 30c.

A highly colored plaid galatea,

in white, black, red and green, three and a half yards per pound, 35c.

An unfinished dimity, three yards per pound, 7c.

A gray sheeting, three yards per pound, 15c.

This leads the Bryan Eagle to remark:

"There is plenty of capital to build a cotton mill in Bryan and have it in operation by the next cotton season, and the Eagle would rejoice to see steps taken in that direction. The successful manufacture of mill products at the A. & M. College, as shown by the samples sent to members of the legislature, should be an inspiration to Bryan towards securing such an enterprise."

NO PLACE LIKE DALLAS.

Cullom's Magazine tells another story of the departed soul knocking at the gate of Heaven. This time it was a former citizen of Dallas.

"Well," said St. Peter, after learning that the applicant for admission hailed from the North Texas metropolis, "you may come in, but I know you won't like it."
