### BAYLOR AT COLLEGE.

Only One Game Was Played Because of Rain.

Owing to the rain Friday afternoon A. and M. had to be content with one victory over the Baylorites. Baylor was ahead at the end of the fourth inning, but our team picked up, found the pitcher and were on the way home when the downpour put an end to the game. Saturday's game showed that our boys can handle anything they can put in the box.

Saturday's game was played on the old diamond, it being less muddy than the athletic field. Baylor took the outs and Humphries opened up by walking Kelley and hitting Moore and Smith. Kelley was caught off third and Milligan and Wess struck out.

Bivins put the curves to them but couldn't get corners, and walked three and gave them two hits before setting down in the second. Another walk in the ninth was all they got gratis. Bivins is there with the speed and the twisters.

Humphries walked in two runs in the third. We hated to see him go to the bench in the fifth. Walker soon went in the air, putting in five runs in two innings. Cole, "the best we've got," walked only two but seven crossed the plate while he furnished the excitement.

Kelley cut out a runner, at first with the sun shining in his eyes. He further distinguished himself by slugging an easy two bagger that might have been good for three. Smith and Crockett took a pair each just when we were needing them and the rest of the team played up to their lead, and we'll

back the bunch against all comers. The score card tells the whole story:

### D WINS FIRST GAME.

D 3, A 1 was the score of the Company League games. D showed a wonderful improvement in her playing in this game over that in the practice game some time ago, while A was handicapped by the absence of some of her best players. Smith pitched a fine game for D and Butts at short stopped all that came within a mile. Hamilton in the box was not so easy. He walked but few and D rapped off a couple hits. A secured one. There was, owing to the late start, time enough but for five innings. A prompter start is urged for often a team doesn't wake up until the sixth. B and C are the next on the list.

A private letter from Mr. C. E. Burgoon has been received, addressed from 360 Pearl Street, Brooklyn, New York, where he is now engaged with the Brooklyn Edison Company. This company is putting in a large power plant at that place. It will be remembered that Mr. Burgoon took his Master's degree in Mechanical Engineering from Cornell a year ago, and his many friends here at College will be glad to know of his continued success.
