ment in attendance and efficiency; therefore be it

"Resolved, That this association congratulate Colonel Milner and the faculty on the good results obtained."

R. M. Howell, of Bryan, offered the following resolution, which was adopted:

"Resolved, That the president be instructed to appoint a committee of five to co-operate with the college authorities on athletics, and that such committee have plenary powers insofar as the purpose for which they are appointed is concerned."

President McGinnis appointed the following members to serve as this committee: Hal Mosley, Dallas; Gus C. Street, Jr., Houston; A. C. Love, Beaumont; A. C. Neff, Brownwood; Irving Astin, Bryan.

The following resolution was also unanimously adopted by the association:

"Whereas, the members of this association are so located by residence and employment as to render frequent meetings expensive and inconvenient; and,

"Whereas, certain resolutions have been heretofore adopted concerning matters requiring immediate and constant attention; therefore be it

"Resolved, That the president be, and he is hereby, authorized and instructed to immediately appoint a committee of five to act with the executive committee of the association with plenary powers in accordance with aforesaid resolutions, and in all

other matters of interest to the college that may seem expedient, and that members of the said committee be empowered to call upon individual members of the association and upon friends of the college for assistance."

Pursuant to the above resolution, President McGinnis appointed E. B. Cushing, of Houston; R. E. Pennington, of Brenham; Dr. Joe Gilbert, of Houston; Henry Schumacher, of La-Grange, and Walter Wipprecht, of Bryan.

A. M. Ferguson, of Sherman, offered the following resolution, which was unanimously adopted by the association:

"Resolved, That it is the unanimous judgment of the members of the Alumni Association of the Texas A. & M. College that the opinion heretofore expressed through resolution by the Texas Farmers' Congress, the Texas Corn Growers' Association, the Cotton Growers' Association, Farmers' Union and other industrial associations that a majority of the members of the board of directors of the A. & M. College should be men who are actively engaged in agricultural, mechanical and commercial pursuits; and be it further

"Resolved, That the executive committee and the special committee appointed by the president heretofore be requested to call upon the governor-elect and confer with him with a view of having this idea established as a policy to be followed by future administrations."

### OPIE DILLOCK'S STORIES.

Now that we've had our big Thanksgiving spread and I am enjoying this 45-cent cigar, if you freshmen will gather up closely I'll tell you how frightened I was when I received a rush telegram from papa stating that he had just purchased a \$30,000 yacht for me for a birthday present. I was in Paris, Texas, at the time, being manager of the Jewel theater of that city, and maybe you think I didn't close up my business at that place, as well as my theatrical connections at Dallas, so that I could go to Denton to sail on beautiful Lake Denton in the new pleasure boat.

This yacht is something rarely seen in the South; has a dancing pavillion, comfortably accommodating thirty-eight couples, and plenty of room for my father's orchestra.

You see, Fish, I am in continual contact with C. I. A. girls as they come in the store to buy candy. This makes me very popular with them—so popular, in fact, that they are all just simply crazy about their "Som." There were very few nights this summer that I didn't take a bunch of them out joy-riding in my brother's \$6000 Buick. It's a peach of a car, a nine-passenger, and has a detachable rear seat and ice tank. We used to put three cases of "milk" in this tank every time we went out to Lake Denton.

Don't rush off, fellows, for I want to tell you about how that Brenham girl fell in love with me at first sight.

I would also tell you about how I was professor of physics in Denton High School, but since you must go to supper, I won't do it this time. Come back again, fellows. Remember the number—Ross 36.
