## Hart, Schaffner & Marx NEW COLLEGE I For Young Men

Never before in the history of clothes-making have the well-dressed young men of this community been offered better clothes, livelier styles, more new and snappier features than we are now offering in the new College line, created by Hart, Schaffner & Marx, special designers of young men's clothes.

These models are expressly for young men; the fabrics specially chosen for young men; and many new features have been added which will please the critical young college and high school fellows; and dressy young business men. Fine ready made clothes like these are now the standard of quality in men's wear; no tailor can touch them under double the price. Be sure you see these before you buy.

pictures—athletics, campus views, picnics, dormitory gangs, pictures from

your home towns—in fact, every phase of cadet life. For each picture used the Long Horn will pay the cost of production. We particularly want pictures of last year's athletic events, action pictures and individual athletes in baseball, basketball, track, tennis, and every other sport. If you have any good kodak pictures of the coaches, captains, and managers, give the Long Horn the benefit of them. Help us make a representative Long Horn. The co-operation of the corps is absolutely essential in this particular, as the staff artists are unable to secure pictures of every event.

If you have any cartoons or good drawings of any kind that you think would add to the book, you will favor the management by turning them in for their inspection.

Professor Chastain—Now, boys, if that air could be made to lift and move objects like an engine, my friend Eason here and I would be of great value and in great demand, would we not?
