

**BRIDGE.**

In her usual charming way, Mrs. John Burns entertained the Bridge Club on Thursday evening. A lovely menu was passed at the close of the game.

**C. E. MEETING.**

The C. E. Society held its second meeting of the year on Thursday, October 15, in room 28, C. E. Building. After disposing of its business, the society enjoyed two very interesting lectures by the two "Macs," Moss and McCarty.

McCarty, who was the first speaker on the program, gave an interesting description of the summer practice course. He spoke of the purpose of the course, the benefits to be derived from it, and also gave a clear, accurate description of each detail of the work from beginning to end.

It was the lot of Mac Moss to present the humorous side of the summer course. Mac is a born humorist, and kept the society roaring throughout his whole speech. His account of the good times had during the course made the juniors and sophomores long for the time to come when they too could partake of the joys of course 24A. His description of the "good eats" delivered by Sbisas was especially encouraging to those who intend to take the course.

Taken altogether, the meeting was a success in every way. The attendance was very good, although it seems that a number of the sophomores were absent. It is to be hoped that they will realize the benefits to be derived from the society and attend the meetings regularly. The society has a good beginning and promises to be the best on the campus.

**ENTERTAINMENT PLANS DISCUSSED.**

A. & M. Club Getting Ready for Football Game Here Oct. 31.

Dallas, Tex., Oct. 18.—Plans for entertaining the corps of cadets who will accompany the Agricultural and Mechanical College football team to Dallas when they play the Louisiana State University Oct. 31 were discussed at a meeting of the A. & M. Club of Dallas at a luncheon at the Oriental Hotel yesterday at noon.

Louisiana State University is said to have an exceptionally strong team this year, having so far this season piled up seventy-five points without being scored upon. A number of the Louisiana cadets will come to Dallas to root for their team and the entire cadet corps from A. & M. will be here. It is thought that the Texas boys will march through the streets as heretofore.

**E-F DEFEATS G-H.**

E-F defeated G-H by a score of 14-6 in the opening game of the company football league. The game was fast and hard, but it was marred by an unusual number of knock-outs. This was probably due to the fact that the men were not in good condition.

G-H started off strong and made a touch-down after a series of well executed end runs and line bucks. They failed to kick goal, but everything looked bright for G-H about then. Later on, with the ball in midfield, G-H attempted a forward pass. E-F intercepted and ran about 35 or 40 yards for a touch-down. Then they kicked goal. Both teams were evenly matched and the ball see-sawed around in midfield for a while. Then E-F got together and made another touch-down and kicked goal, making the score 14-6, and that is the way the game ended. G-H got the ball danger-

ously near E-F's goal, but they were not able to put it across.

For G-H the stars were Runge, Smith and Walton. They made most of the gains and were sure on the defensive. For E-F the stars were Hausser, Lockett and Duncan. The runs of Hausser and Lockett's kicking, aided by Duncan on the defensive, were what won the game for E-F.
