

**CHEMICAL CLUB ORGANIZED.**

The Chemical Engineering students met October 13 and organized the Chemical Club.

The following officers were elected: J. R. Jarvis, president; G. A. Saper, vice-president; M. S. Berringer, Secretary-treasurer; W. M. Murphy, sergeant at arms.

After the election of officers a constitution and by-laws were drawn up and adopted.

The object of this club is to promote good fellowship among the students of Chemical Engineering, and to stimulate an interest in Chemistry and Chemical Engineering.

All students who are or have taken Chem I. are welcomed to the meetings of the club, but only Senior, Junior and Sophomore Chem. E. students

are allowed to become members of the club.

The club will meet every first and third Monday of each month in the Chemical Engineering building.

Motto: "Work Eternally and be Thou Chemically Pure."

Nothing stronger than H<sub>2</sub>S O<sub>4</sub> will be served at any meeting of the club

M. S. BERRINGER,  
Secretary.

**IN THE COLLEGE WORLD.**

B. U., Oct. 25.—Baylor's faculty committee on recognition of high standard of scholarship announces that, beginning next commencement, the diplomas of students who have a majority of their grades B "cum laude" will be inscribed, "magna cum laude" if the majority are A's, and "suma cum laude" if all the grades are A. The grades are to be taken from the entire Baylor record of the student.

B. U., Oct. 25.—That Baylor will take advantage of the recent law of Congress whereby colleges are issued rifles by the War Department at the ration of one rifle for every five members and 120 rounds of ammunition for each individual of the club, is now a sure thing. Application from the War Department has been received and Capt. F. O. Post of Waco, for twenty years a member of the National Guard and making a place on every Texas rifle team for the last dozen years, will serve as volunteer instructor for the Baylor marksmen.

B. U., Oct. 25.—Baylor voted student self-government at a mass meeting of 500 students last Thursday night. A committee of five seniors, three juniors, two sophomores and one freshman was appointed to draw up a constitution and state the form of government to a mass meeting next week.

B. U., Oct. 25.—Two young Brazilians, one the son of a prominent attorney and the father of the other a member of the Federal Senate of Brazil, entered Baylor this week. This gives Baylor seven Brazilians within the last two years.

The University of Virginia will accept cotton as tuition fee. The student gets a rate of 10 cents per pound upon presenting receipts of cotton which has been deposited in United States warehouses.

Vermont has started a new college store which is to be run by the students. It adjoins the library and the same force that runs the store will also have charge of the library. The plan is to lower the price of books and other necessaries and at the same time to furnish a method of earning money to needy students.

A negro, Isaac Fisher, of Tuskegee Institute, won the prize of \$500 in a recent essay contest conducted by Everybody's Magazine on "What We've Learned About Rum."
