

**RED-HEADED CLUB  
IS GIVEN RECEPTION**

Friday evening after r"retreat" the red-headed cadets in the corps saluted out of ranks and gathered before Milner Hall, the home of "Red" Allen, from which place they marched over to the home of Prof. Kyle. When they entered his home they found the light globes shaded with red tissue paper and red candles burning at different points in the house. They were received by Prof. and Mrs. Kyle and Dr. and Mrs. Bizzell.

After a time refreshments, consisting of those two things dear to boys' hearts — punch and oysters — were served. After refreshments Allen led off the toasts with a tribute to Mrs. Kyle. Gillespie came next and he was then followed by various others who had toasts to offer. The last speech of the occasion was delivered by Prof. Kyle. In it he voiced his desire to see a closer relationship brought about between faculty and students and expressed his pleasure that Mrs. Kyle and he were thus able to do something toward furthering this condition.

**EPISCOPAL BOYS ORGANIZE.**

The meeting was called to order by the acting chairman, Rev. R. Ray of St. Andrew's Episcopal Church of Bryan.

The following officers were elected: President—L. M. Buckner. Vice-president—Jep Hardigg. Secretary and reporter—J. F. Lill. Membership committee—J. R. Jordan, chairman.

Committee on constitution and by-laws—H. E. Haden, chairman; Buckner and Hardigg, assistants.

Chaplain and sponsor—Rev. R. Ray. It was decided that club meetings would be held every second and fourth Wednesday nights.

The club takes its name after Rev. Dr. Kelbe, and will be known as the Kelbe Club of A. & M. It is the purpose of this club to benefit its members mentally, morally and socially.

Those enrolled at this meeting were as follows: Adams, L. M. Buckner, R. M. Cash, Evans, H. E. Haden, Jep Hardigg, W. H. Hughes, J. R. Jordan, J. F. Lill, W. Nelson, A. J. Price, R. Ray, chaplain, Otto Starcker, C. F. Thompson.

It is to be hoped that all Episcopal boys will join this club and thereby receive the benefits offered by it.

**J. M. STONE MEETS SUCCESS.**

J. M. Stone, member of '13 class, is now breeding Shorthorn cattle and is one of the most successful breeders in the State. At the Dallas Fair he met with much success. He had a champion bull and cow besides many other winners.

**THE FIVE-DOLLAR  
ATHLETIC FEE AT LAST!**

The proposition of having the college require a five-dollar athletic fee from all students at the beginning of the year was brought before the corps in a chapel meeting last Wednesday night and adopted without opposition. A petition requesting the board of directors to place this charge among the fixed entrance fees is being or will be circulated in all the companies.

The payment of this fee will entitle each cadet to attend all local athletic contests without additional expense, and will really be a saving to the students as individuals. Other advantages will be the saving of time now spent in collecting money from the companies, the advantage of a definite income on which the Athletic Association can make its calculations in advance and with accuracy, and the greatly increased number of cadets who will hereafter attend the local games and serve to keep up the pep.

The Battalion is glad to see this long-discussed come to pass.

**MEMBERS OF FACULTY ATTEND  
MEETING IN WASHINGTON.**

Representatives of various departments of the college left Friday for Washington, where they will attend conferences for heads of land-grant colleges in the United States. Among those who attended from here are Dr. W. B. Bizzell, president; Clarence Ousley, director of extension service; B. Youngblood, director of experiment stations; Dr. G. S. Fraps, State chemist; D. W. Spence, dean of the school of engineering; E. J. Kyle, dean of the school of agriculture; Dr. W. F. Proctor, State agent in co-operative demonstration work, conducted jointly by the Agricultural and Mechanical College and the United States Department of Agriculture, and R. L. Benson of Paris, representing the experiment station.

These meetings begin November 10th and continue through the 15th. The various conventions which will be in session during that time are: Conference for presidents of land-grant colleges, directors of experiment stations, directors of extension service, this being their first meeting; State chemists, engineers of land-grant colleges and those attending will have the co-operative demonstration work.

Reports will be made at these meetings and those attending will have the benefit of an exchange of ideas as to how to best conduct their various activities.

**FASHION NOTE.**

Personally we think it is all right for a man to wear a wrist watch in warm weather, but in winter we think he looks better carrying a muff.—Dallas News.

**DEMAND!**
