L-M DEFEATS I-K BY SCORE OF 2-0

I-K GAINS MORE GROUND, BUT
LOSES MORE HEAVILY
ON PENALTIES.

SCORE RESULT OF SAFETY

L-M defeated I-K this week by the narrow margin of 2-0. L-M really gained a good deal more ground than I-K, but they lost a large part of it in penalties. The score, a safety, came in the last half of the game. L-M advanced the ball almost to the goal line and then lost it. I-K attempted to kick, but an L-M man blocked the kick. The ball rolled over the goal line and an I-K man picked it up, but he was tackled behind the line, registering a safety for L-M.

Gilliam, Turner, Olson and Abernathy all played good football. They got away fast and were hard to stop. Gilliam played a great defensive game. The line did a good deal of holding, however, and the resulting penalties prevented L-M from piling up a larger score.

Slay, Oglesby, Price and Morgan all played a good game, Oglesby especially. Brailsford, at end, played a great game, too.

All out of State men are invited to come over and hear some interesting talks. There are eleven States and three countries represented now.

PANHANDLE CLUB BANQUET.

The annual banquet of the Panhandle Club was held Saturday night on the first floor of Goodwin Hall. About 25 members were present and much enthusiasm was manifested. There were two tables, which Mr. Moffet persisted in calling "the festal board," loaded down with good things to eat. Strange to say, all of the Panhandlers seemed to prefer the Bryan food to that offered by our beloved Mr. Sbisá; there were even some who desired liquid refreshments stronger than water, but these were in the minority and the banquet was carried out on a strictly neutral basis.

After the edibles had been disposed of, cigars were past around and impromptu speeches were made by members of the club. A short business meeting was held and the club adjourned.

Prof. Bressler (in English 2)—Mr. Green, what is meant by "Marlowe's mighty line?"

P. Green—Well—er—I suppose it means that he had a good line.

THE A. & M. L. S. HOLDS MEETING

LARGE ATTENDANCE AND MUCH
ENTHUSIASM SHOWN IN DE-
BATE MONDAY EVENING

CONSTITUTION AMENDED

One of the most thriving organizations on the campus is the Andrew Moses Literary Society. It now has twenty-one members on its rolls, and an average attendance of 80 per cent.

A lively meeting, as usual, was held Monday night. The question for debate was: "Resolved, that the United States should increase her navy." The speakers on the affirmative were G. C. Moffet and R. A. Hall, and their opponents were A. E. Burges and G. N. Stroman. The affirmative was awarded the decision.

An amendment to the constitution was passed, making it constitutional to elect officers of the society each month.

The following new members were admitted: W. L. Stangle, H. T. McCollum, A. R. Campbell, O. S. Gray, T. W. Temple, H. C. Harris, J. W. Grace, W. T. Nutt.

Program of the A. M. L. S. for December 14:

Debate: "Resolved, That athletics have been overdeveloped in American universities."

Affirmative: J. C. Collins and T. W. Temple.

Negative: O. F. Washam and O. C. McConnell.

Recitation: D. H. Kiber.

Leader of general debate: J. F. Ehlert.

CHEMICAL CLUB HOLDS MEETING

The Chemical Club held its regular semi-monthly meeting December 7. After roll call the minutes of the preceding meeting were read and approved.

The club was treated to a talk by Dr. G. S. Fraps of the experiment station. This was the second of a series of talks to be delivered by the different professors to the club. Dr. Fraps' talk was highly instructive and entertaining. He spoke of the work of the experiment station, beginning with the time when he took charge eleven years ago. His discussion of the analyses of feedstuffs and fertilizers and of the profit work of the station was very instructive. He outlined some of the difficulties which are met with in the analyses work, and also some of the ways manufacturers have of adulterating their products and the State's—that is, his—remedy for such. All in all, Dr. Fraps' talk was certainly appreciated by the club and visitors, of whom there were quite a number.

The club, immediately after Dr. Fraps' talk, decided to pay the experiment station a visit, in a body, Wednesday, December 9.

C-D TIES WITH G-H BY SCORE OF 0-0

CONTEST HARD FOUGHT — C-D
ALMOST SCORES BUT G-H
LINE HOLDS.

VERY LITTLE FUMBLING

C-D and G-H played another 0-0 game Saturday. Both teams fought hard, but neither side was able to score. C-D almost carried the ball across in the first quarter, but the G-H line held and then C-D fumbled the ball. It was the best game of company football seen this year. There was scarcely any fumbling and very few penalties.

"Bull" Moses was the shining light for C-D. He played faster ball than ever. "Bullet" Moses and Harris were right on the job all the time. McCullom did the best kicking he has done this year. His kicking was consistent thruout the game.

Eyl, Smith, Clarke and Galliford played the best football for G-H. Hans punted better than ever, and the average of all his kicks was high. Runge played a good game at quarter.

The lineup:
