**FOOTBALL SWEATERS AWARDED**

Sunday afternoon Vic Baraco presented the members of the football team with the "T" sweaters which he had been instrumental in procuring. He made a speech which will always be remembered by those who heard it, and then he presented the "T" sweaters. The Athletic Association has been unable to give sweaters for the past two years, but this year Baraco got that financial brain of his working, and the sweaters were the result. He collected more money for the Thanksgiving hop than was needed, so he asked the corps to vote to buy the football team sweaters with the money that was left over. The corps voted unanimously to give the team the sweaters, so Vic ordered them and presented them to the team.

**RESOLUTIONS OF RESPECT.**

Whereas, It has pleased Almighty God in His omnipotent wisdom to removed from our midst the sister of our beloved friend, Ivan Langford, therefore be it

Resolved, That we, the members of Company "A," recognizing His wisdom in all things, bow our heads in humble submission to His will and extend out heartfelt sympathy to the bereaved family.

And be it further resolved, That as a token of our respect to the family of the deceased, copies of these resolutions be published in the Georgetown Commercial and in The Battalion, and that a copy be sent the family.

THE COMMITTEE.

Last Sunday's sermon was the best we have had this year. Dr. S. P. Brooks, president of Baylor University at Waco, preached an unusually good sermon. We heard several people later wonder why it was that the authorities here did not secure such a man every Sunday. The only answer is that such men cannot be found.

The theme of Dr. Brooks' sermon was "The Progressive Needs of Man." He developed this subject in a clear and most extraordinary interesting manner. Some of the needs which he discussed were money, knowledge, culture and religion. He defined the extreme views held by some people with regard to each of these subjects. Last of all, he pointed out very clearly the conservative, middle position which leads to successful achievement.

We shall indeed be glad when Dr. Brooks can visit the A. and M. College again.

We have no fear of William Howard Taft ever being president of the University of Texas. In the first place, it would take the ex-President

three or four years to deliberate maturely over the offer if it were given him. In the second place—well, there won't be any second place.—Green-ville News.
