COLLEGE PRESS SERVICE.

College of Industrial Arts, Jan. 11.—The student body and the faculty of the College of Industrial Arts passed the following resolution with the athletic staff's recommendation: "Resolved, That all class meetings be held on Tuesday afternoons, all club meetings on Wednesday afternoons, and that Thursday, Friday and Saturday afternoons be left open for athletics."

With this schedule it is hoped more interest will be shown in athletics.

College of Industrial Arts, Jan. 11.—Rudolph Ganz, the Swiss pianist, will be here Tuesday night, January 12. The piano students of the college are bringing him.

College of Industrial Arts, Jan. 11.—The total enrollment of the college is now 615. Twenty of these are special students.

Trinity University, Jan. 9.—On December 31 the amount of pledges received for the endowment fund amounted to \$156,275, besides several thousand dollars which were pledged verbally and could not be counted.

Trinity University, Jan. 9.—Today L. A. Coulter, State secretary of the Y. M. C. A., delivered his address, "Chains That Bind," to a large crowd of young men. There were nearly twice as many present as the regular membership.

Texas Christian University, Jan. 11.—Much interest has been aroused in the contest for an official varsity song for Texas Christian University. A prize of \$5 has been offered for the best one submitted within the next three months.

Texas Christian University, Jan. 11. Many of those interested in T. C. U. athletics have started a campaign to get Coach Freeland of Daniel Baker as coach for the university next year. It is reported that Coach Boles will retire at the close of this year. Freeland is known as the man who made such a wonderful record in football during the past season with a squad of only seventeen men to start with at the opening of the season. He is an all-around athlete, having won several letters at Vanberbilt.

Texas Christian University, Jan. 11. A resolution will be brought before the faculty this week asking that Spanish be made a major subject in the university curriculum. Such interest is being shown in Spanish because of its practical use to Texas citizens that the professors of the Spanish department have made this move to give the subject a higher standing.

Texas Christian University, Jan. 11. The Intercollegian of Texas, a monthly magazine published in the interest of Texas colleges, is now being printed in the T. C. U. print shop, which furnishes several students work during the year. The January number is now being made up.

Texas Christian University, Jan. 11.—Texas Christian University overwhelmingly defeated the team from the North Texas State Normal of Denton in a game of basketball on the local court Saturday afternoon. The score was 26 to 6. Both teams played good ball on the open court with a high wind raging across the campus, but the T. C. U. quintet just simply

outclassed their visitors. Fifteen rabs for T. C. U.!

Texas Christian University, Jan. 11.—At their first meeting of the year last week members of the T. C. U. Press Club laid plans to emphasize the prizes being offered by the State Association for the best essay, poem and short story, and to urge those entering the contest to make special efforts to bring one of them to T. C. U.

MANY STUNG BY "MARRIAGE BEE" AT A. & M. COLLEGE

There is a marriage bee buzzing at the A. & M. College. Staid bachelor professors and instructors who long have escaped the pitfalls of married life, as well as the younger employes of the college, are falling before the buzzing of this bee. During the Christmas holidays wedding invitations and announcements have clogged the mails at College Station and as a result there were six brides at the college when school reopened on Monday, January 4.

Here are those who have married during the holiday season:

Lieutenant James R. Hill, Thirtieth Cavalry, U. S. A., commandant of cadets and professor of military science and tactics, to Miss Aileen Hague, at El Paso, December 31.

Dr. Thomas L. Kibler, professor of economics, to Miss Genevieve McClintic, at Marlinton, W. Va., December 23.

S. A. McMillan, associate professor of agronomy, to Miss Carrie Lebo, at Halifax, Pa., December 22.

L. L. Click, instructor in English, to Miss Robbie Seale, at Benchley, Texas, December 30.

R. L. Morrison, professor of highway engineering, and F. W. Kazmeier of the poultry husbandry department are other benedicts.

FIFTY-SEVEN VESSELS OF NAVY TO GO TO THE PACIFIC

Naval Program for Ceremonies at San Francisco Was Announced.

Washington, Jan. 9.—Fifty-seven naval vessels will make up the fleet which will go to San Francisco by way of the Panama Canal next March, according to announcement made today by Secretary Daniels.

There will be twenty-one battleships, headed by the dreadnaught Wyoming, Admiral Fletcher's flagship; twenty-three torpedo boat destroyers and thirteen auxiliaries, including colliers and supply vessels.

At Cristobal on the Atlantic side of the canal the fleet will be joined by the famous old Oregon and Dewey's flagship at Manila, the Olympia.

President Wilson will sail from Hampton Roads on the battleship New York on March 5, 6 or 7, the exact date remaining to be fixed. If plans for the naval cruise are not amended by Congress so as to have the rendezvous at Cristobal, instead of Hampton Roads, as suggested by Secretary Daniels, the fleet will be dispatched from Hampton Roads several days in advance of the President's sailing in order to make sure that all shall have reached the isthmus and perhaps have been locked through the canal in readiness to be reviewed by him there.

If Secretary Daniels goes with the fleet from Hampton Roads he will take passage on the battleship Texas.—Houston Post.

Superintendent T. W. Buell of the Denton experiment station spent Sunday on the campus.

NORTH TEXAS CLUB.

The North Texas Club had an enjoyable meeting Sunday evening, in which several matters of interest were discussed.

The purpose of this club is to promote good fellowship and to boost A. & M. in our respective counties, and for this purpose the club decided to accept as members all fellows from North Texas counties, bordering on Red River, who are not members of a club.

Says the sergeant—I can't keep step on a cold day, because my nose runs and I have to "follow my nose."

By an improvement on our machine we are able now to put a crease that will stay. A. & M. Pressing Club.

Persistence does not always win. Our hen once set on a china egg for five weeks.
