SMITH BROS. CAMPUS STUDIO

MANY AGGIE SPEED ARTISTS WARM UP FOR COMING SEASON.

Now that the first term examinations are over the thoughts of athletes are turning to track. Captain Dudley Everett, generally regarded as one of the best all-round athletes in the State, and Student Manager Dan Scott are making elaborate preparations for the coming season.

Last year J. A. Clutter of the dairy husbandry department, who during his college career at Ames, Iowa, proved one of the best track men in that section, coached the track squad. The A. & M. speed artists captured second place in the State meet. Clutter has just returned from Iowa, where he underwent an operation for

appendicitis. Whether he will be able to take charge of the squad or whether a coach for this activity will be employed is not known yet.

However that may be, there is a wealth of good track material here and the Aggies will make all contenders hump themselves this year. Everett, Collins, Rothe, Mitchell, Braumiller, Settegast, Haines, Hudson, McFadden, Peabody, Turner and others are track men of much experience and all of these will turn out in answer to the first call for men.

In addition to the State meet, A. & M. will compete with Texas and with Rice Institute in a triangular meet this season.

A. & M. GLEE CLUB TO HAVE GOOD TRIP Program for Annual Barnstorming Tour Best in History of Club.

A splendid schedule is being arranged for the Glee Club trip in North Texas for the season of 1915. The management finds no difficulty in booking engagements for this popular organization, for they have made good in the student centers of North Texas.

With the assistance of Miss Anita Park, reader, and Mrs. G. D. Marshall, lyric soprano soloist, and C. A. Case, barytone, the club will present the most attractive and varied program in its history.

The following schedule is tentative:
A. & M. College — Wednesday, February 24.

- Bryan—Thursday, February 25.
- Marlin high school—Friday, February 26.
- Waco, Baylor University—Saturday, February 27.
- Waxahachie, Trinity University—Monday, March 1.
- Fort Worth, Texas Christian University—Tuesday, March 2.
- Denton, College of Industrial Arts—Wednesday, March 3.
- Sherman, Kidd-Key College—Thursday, March 4.
- Greenville—Friday, March 5.

It costs nothing to look. Come down and look through my line of samples. Charlie Nitch.

T. C. U. PLANNING MANY INNOVATIONS

Texas Christian University, Feb. 3.—Recommendation will be made by the faculty of the university to the board of trustees at their meeting this month that they provide for six days of school a week instead of five, as is now the rule. The faculty will also ask that the year be divided into four terms of twelve weeks each and that the session extend throughout the entire year.

This plan is different from any in practice in Texas colleges, as it makes provision for a summer term which would be on the same basis as any of the other terms. By this arrangement a student could either go to school the entire year or take a three months' vacation at any of the four seasons he chose. All of the four terms will be on the same standing and as complete in themselves as possible.

If the six days a week plan is adopted by the board, the dean announces that all courses will be arranged so as to fall on alternate days three times a week. If the four terms a year plan is adopted, each course will complete itself in three months, as near as possible.

Dedicated Bible Hall.

Dedication services for the new Brite College of the Bible, affiliated with Texas Christian University, were held in the auditorium of the university Tuesday morning and afternoon. The new modern building for the college has just been completed and is being thoroughly equipped for the sole use of the ministerial students.

To Give Spanish Play.
Members of the advanced Spanish

classes in the university will form the cast in a play to be given before the students in the auditorium next Tuesday. The play will be staged under the auspices of the Spanish Society. The actors will speak in Spanish.

Gym Work for Co-Eds.

At last Texas Christian University's fair co-eds are to have the physical training and gym work which has long been promised them and which they have looked forward to as an unrealizable dream. Miss Ruth Humphrey has been obtained by the university to direct the gym work of the young ladies and is now organizing her classes.

SENIOR C. E.'s TO TAKE CIVIL SERVICE TESTS

Students of the civil engineering department of the A. & M. College have gone to Waco and to Houston to take the civil service examinations for civil engineering students. Five of the C. E.'s went to Waco to take the tests and four others went to Houston for the same purpose. All of them are members of the Senior class.

Those who went to Waco are E. O. Francisco, E. F. Hurdle, S. C. McCarthy, B. H. Faber and Mac Moss. F. W. Cawthon, S. K. Mason, W. H. Gillespie and J. E. Bell went to Houston.

"How about the new cook?"
"She says she wants three nights out a week, beefsteak at every meal and a room with southern exposure."
"Has she any references?"
"No; all she has is references."—
