

NOTES FROM TEXAS UNIVERSITY.

University of Texas, Feb. 3.—The Winsonian Dramatic Club is hard at work with the preparation of their annual play, which will be given here on February 20. The production will be one of the best presented in the South.

Prof. Patterson recently gave an interesting address to the Pre-Medics on the effects of alcohol.

Dr. Schoch of the department of chemistry delivered an interesting and instructive lecture in the auditorium recently, choosing as a basis for his discussion the distinctive product of the South—cotton.

The Longhorn baseball mackinaws, which were donated by Mrs. Lucher Stark of Orange, have arrived. The coats are orange in color with a white steer's head on the back. An orange "T" on a white background is placed in a diamond on the right hand side of the coat in front.

A wharf is being constructed on the university property bordering on Lake Austin. Boats will be rented to the students by the Athletic Council. A bath house also is being planned.

The jitneys have become very popular with the student body here and are playing havoc with the street car patronage. Several of these cars are owned by a student in the law department.

The baseball men are practicing daily and are fast rounding into shape. Mr. Disch's product will probably be the best in years.

The Cactus is further advanced in work than it has ever been in previous years, and the management announces its appearance to be made about the first of May.

TENNIS TO ORGANIZE.

Sunday afternoon the A. & M. tennis squad will organize. The squad will be limited to thirty-two men, and you will have to be prompt to get your name in. There will be no membership fees and admittance will be based upon ability.

The courts are under construction now, and will be completed as soon as it is dry enough for the grader to work the ground properly. Judging by the amount of interest that has been manifested on the campus lately it is going to be difficult to limit the number to thirty-two, but it is hoped that by next year we can go against the best teams in the State. We have been so fortunate as to obtain the services of W. H. Thomas as coach, and he has consented to take full charge of the courts.

If you wish to enter your name for the tournament which is to decide membership, turn in your schedule of empty hours during the afternoons of the second term either to O. S. Gray at 63 Mitchell or to P. B. Metcalfe, 70 Leggett, before Sunday's meeting. Your name without your schedule will not do.

Senator Cummins says President Wilson has ruined the Democratic party, but who would have expected the Iowa Senator to be shedding tears on that account?—Florida Times-Union.

Entrance to Kyle Field.

The athletic field at A. & M. is one of the best, if not the best, college field in Texas. Separate grounds for baseball, football and track are maintained. It is at this field that the events of the Annual Inter-State Track Meet will be held.

A. & M. VS. RICE OWLS.

Play at College Saturday Night—Also Mobing Pictures and Dancing.

Perhaps the fastest basketball game of the season at the A. & M. College will be played Saturday night at 8:30 o'clock at the gymnasium when the Aggies' quintet meets the fast five from Rice Institute, Houston. This game will have a definite bearing on the standing of the A. & M. five in the basketball column in Texas.

Both schools defeated Baylor University. Rice whipped the Baptists by the score of 40 to 11 and A. & M. beat the Waco team by the score of 39 to 11. Rice was defeated by Texas University Wednesday night.

The Houston Owls are regarded as an exceptionally strong team and the Aggies are expecting one of the hardest games of the season Saturday night.

The moving pictures will be shown in the chapel from 7 until 8 o'clock, and after that the game will be called at 8:30 at the gymnasium. The college band will play and there will be dancing after the game.
