MORE ABOUT CHOC KELLY.

Prof. J. C. Burns is just in receipt of a letter from C. P. Kelly of the class of '13, which reads as follows:

Selina, Ala., Feb. 21, 1915.

Prof. J. C. Burns,
College Station, Texas.

Dear Sir:

I am rather late in thanking you for the help you rendered me which enabled me to secure the position which I now hold. I got here in October, and everything has progressed very well until the present, as the enclosed newspaper clipping will show.

I have met a few of the boys from Texas out here and all seem to be doing well. If I can help you in any way in placing graduates, let me know.

I beg to remain,

Yours respectfully,

CHAS. P. KELLY.

N. B.—Charles often told me how good you were to him when he was at College and needed help, so I just want to thank you for all you have done for him.

MRS. CHAS. P. KELLEY.

The clipping reads as follows:

Interesting Wedding.

A marriage out of the ordinary took place in Montgomery Thursday evening at 9 o'clock at the rectory of the Episcopal Church, which will be of interest to a number of friends of the

groom in Selma, notes The Selma Journal.

Mr. C. P. Kelly of Selma was married to Miss Theresa Witte of New York City. The ceremony was performed by Dr. Stewart McQueen, pastor of the Holy Comforter Episcopal Church. Owing to pressing business obligations Mr. Kelley was unable to go for his bride, so they compromised and Miss Witte met him in Montgomery Thursday evening, arriving on the 8:30 train from New York. Mr. Kelley with an old college mate, Representative Moore of Fayette, and Senator Green of Selma, met the bride and accompanied her to her hotel. Later the party repaired to the Episcopal rectory, where the marriage was performed with the beautiful Episcopal ceremony. In the absence of any relatives of the bride, Hon. J. W. Green had the honor of giving her away.

Mr. and Mrs. Kelley left Montgomery for their home near Selma on the Range Line road, where they will be at home to their friends. Mr. Kelley is the efficient manager of Dr. Harper's stock farm and is greatly esteemed as a young man of splendid business qualifications. He is a graduate of the Texas College of Agriculture.

The bride is a charming little woman and was a pretty picture of dainty girliness in her bridal robes and carrying a shower bouquet of bride's roses.

Mr. Kelley and his bride were childhood sweethearts and time nor distance has been able to diminish their attachments.

Their friends extend hearty congratulations and best wishes for their happiness.

College Press Service

C. I. A., Feb. 28, 1915.—Mr. Fouts, station agent at Trinity Mills, and one of the best known astronomers of Texas, has been on the campus for the last three days. His visit has given the students opportunity to see Venus and other stars at close range. The girls proved themselves interested by rising at five in the morning to view the heavens through Mr. Fout's telescope.

C. I. A., Feb. 28.—Work to try to organize a North Texas Intercollegiate Tennis Club is being done here by the tennis manager. If such plans should be successful the different colleges belonging will be asked here the last week in April to hold the tournament, which will decide the champion tennis player of the North Texas colleges.

C. I. A., Feb. 28.—"The Merchant of Venice" will be presented by the Middle Class sometime in April. The main characters have been chosen, Miss Eleanor Eikel of San Antonio taking "Shylock's" part. The presentation of one of Shakespeare's plays is an annual event of the college, and much interest is always manifested by every one.

T. C. U., March 2.—An epidemic of mumps hit Jarvis Hall, the girls' dormitory, last week and later spread to the boys' dormitory. On account of one of the co-ed. basketball players having the mumps the game scheduled with Southwestern was called off, as also was the one to be played between Southwestern and the Texas Woman's College on the same trip.

T. C. U., March 2.—Upper-classmen who took part in using the razor strap on several Preps. and Fish suspected of bombarding the Juniors and Seniors

with eggs while they were leaving the University for their annual formal banquet Monday night, have been under a heavy suspense during the past week, for fear that the faculty would interpret their act of retaliation as hazing, and give them an enforced holiday of two or three weeks. The upper-classwomen say that if the boys are suspended, they will go out on a sympathy strike until they are reinstated. The faculty has met several times to discuss the matter, but has not arrived at a verdict.

T. C. U., March 2.—Prof. E. R. Cockrell of T. C. U. is to head a special train of T. C. U. students and friends for the Panama Exposition early in the summer. Many have already signified their intention of taking the trip with the group.

T. C. U., March 2.—The A. and M. Zouave Band and Glee Club were visitors at T. C. U. Tuesday night, at which time they gave a program. They will sing at T. C. U. Friday night.

GETTING TOGETHER.

The delegates who returned from A. & M. College are one in their statements that they were handsomely treated by the cadets. It seems from all accounts that the cadets are good fellows, and that they do not bite the faculty on the angle when in a rage, as some of our folks seem sometimes to think. The sooner we get it into our heads that they are nothing more or less than big, healthy Texas boys made out of pretty much the same clay as we ourselves are the sooner will our silly troubles be at an end.

The meeting of the State Y. M. C. A. delegates at College Station was a good thing for the University. It was a good thing for A. & M. The fact is, we believe that the oftener the two institutions have a chance to get together as guest and host the sooner they will come to a solid understanding.

If we treat A. & M. always in the same spirit that they treated our Y. M. C. A. boys, A. & M. will never have any reason to complain of the University. Let's get together.—Daily Texan.
