**A. M. WALDROP &
COMPANY**

Bryan's Big Clothing Store:

third battalion was being held in reserve.

The enemy was protected by a number of deep gullies, which served for trenches. They were also protected in front by a barb wire fence. C and D Companies made a fierce attack, but gained little headway. Suddenly there was a yell from the direction of the trenches. B Company has changed direction and attacked from the rear. A white flag was raised and one company surrendered.

The scattered forces of the attack were quickly reassembled for a fresh assault. D Company was sent around by the A. H. pasture to make a flank attack from the west. The rest of the attack was hurled at the south end of Quality Row. The enemy were driven out of the woods into the open street. Here rush after rush drove them back to the other end of the street. At times the firing lines were as close as fifteen yards. Finally defeat changed to rout. The enemy fled to the shelter of the Chapel and C. E. building, while the victors swept on to the campus and took possession.

THE SOPHOMORE.

In the beginning the faculty created A. and M. College. And the college was without form and void; and darkness was over the roof of the college. And the faculty said, "Let there be a light in the firmament to divide the day from the night and to give light upon the campus." And the faculty created the Sophomore and set him in the college to give light to the earth, and to rule over the day and the night. And the fall and the spring were the second year.

Then the faculty said, "Let the waters bring forth abundantly of

slimy creatures that may travel to the college and inhabit it." And they created the "Fish," which the waters brought forth abundantly.

And it came to pass that as the Sophomore slept, the faculty appeared to him in a dream, saying, "I have made thee after mine own image and likeness. Behold thou shalt ask and it will be given unto thee." And the Sophomore said, "Thou has showed thy servant great favor, and made him after thine image, but he is but a little child that knoweth not how to go out or come in. Therefore I pray thee give thy servant an understanding heart that he may follow after thee." And this speech pleased the faculty and it said to the Sophomore, "Because thou hast asked this thing, behold, I have given thee an understanding heart; so there was none like thee before thee, neither shall there be any like thee after thee all thy days. I will likewise give thee a corporalship and make thee ruler over a squad and the "Fish" that march therein."

And the faculty gave the Sophomore wisdom and understanding exceeding much, even as the sands of the shore. And the Sophomore's wisdom excelled the wisdom of all men; of the Junior; of the Senior; of the professors. And his fame was in all the colleges of the earth, from whence there came of all classes to hear the wisdom of the Sophomore.
