

## HANS ROTHE MADE TRACK CAPTAIN

NEW LEADER HAILS FROM LAND  
OF CATTLE, CACTUS AND  
COYOTE.

### HAS REMARKABLE RECORD

Sunday afternoon, at a meeting of the men who won T's in track, Hans Rothe, A. & M.'s veteran pole vaulter, was chosen to lead the Farmer track team in 1916. Hans is well liked by everyone, and especially by those who know him best. As to his athletic ability, it speaks for itself. He is the man who won the pole vault twice in succession without touching the bar a single time. Hans is also something of a broad jumper, as some of you may have heard. However, aside from all this, Hans is the best qualified man for the place. He has had more experience and knows more about track than any other man on the team. Before he came here, Rothe was a star pole vaulter, broad jumper and hurdler at Marshall Training School. Next year will be his fourth and last year in the Aggie track team.

Hans hails from Hondo, the queen city of the cactus and rattlesnake country, and from what he said the other night one would infer that he has not lost all his wild and woolly ways, despite the civilizing influence of four years at the A. & M. College. The statement was that he is going to have a track team here next year that will win the Southwestern meet if he has to shoot some men to get them here. And as a general rule, you can rely on what Hans says.

## THESE ARE THE MEANS SOME A. & M. STUDENTS EMPLOY TO MAKE WAY THROUGH COLLEGE

The Agricultural and Mechanical College of Texas has been called, and very properly so, the "poor man's college." Almost 50 per cent of the students enrolled during the term just closing have contributed something toward meeting their expenses in college. A student labor fund of \$1,000 has helped 267 boys thru and many have found employment outside of that department.

Here are the ways in which boys received help from the student labor rolls: 35 engaged in carpentry and general repair work; 5 cleaning up laboratories, etc.; 5 feeding stock and

doing general work around Animal Husbandry barn; 5 milking; 13 clerical, filing, keeping records, etc.; 8 keeping college library and working in departmental libraries; 35 band and orchestra; 3 night guards during holidays; 3 janitor work; 25 labor in armory; 3 drafting and tracing; 11 stenographic; 17 wiring for the Electrical Engineering Department; 2 operating motion picture machine; 13 gardening; 14 delivering laundry in halls, keeping records, etc.; 9 meal guards; 30 general labors; 5 firing engines; 2 tree surgery; 24 cleaning up and beautifying grounds. Total, 267.

## G-H WINNER OF THE COMPANY SWEATERS

IN A FAST, SNAPPY GAME DE-  
FEATED E-F BY SCORE  
OF 2 TO 1.

### CAPTAIN H. F. ELLIS STARS

Monday, in the most hotly contested game witnessed on Kyle Field, G-H defeated E-F by a score of 2 to 1, which entitled them to the championship honors, thus winning for the first time the sweaters for G-H. Both teams fought hard, and until the ninth neither team was able to cross the plate. However, with two men on bases, Ellis smashed out a bingle that scored the winning run, thus ending the company league contests. The features of the game were the consistent pitching of Smith and Miller and the game fighting on both sides.

## RUSSELL WILL LEAD FARMERS IN BASEBALL

"UG" IS MADE CAPTAIN OF THE  
AGGIES FOR NEXT  
SEASON.

### LETTERS ARE AWARDED

Last Sunday night "Ug" Russell was chosen captain of next year's baseball team by this year's "T" men. Russell is undoubtedly the man for the place. He has won three letters in baseball, as he made the team as catcher in his Freshman year, and he has held down the pivot position ever since. He has always been a heavy hitter, especially when hits were needed. He hit .344 this year and fielded 1000. "Ug's" specialty is pegging to second. Whenever Russell is catching the men never try to steal second, for they know it is useless.

Russell is undoubtedly the man for the place. He is always in the game, fighting hard. He not only plays his own position well, but he instills the "pep" into the rest of the players that makes them play just a little bit harder than they know how. And when anyone slips anything by Happy they are going some. "Ug" keeps his eye on the ball all the time. Under his leadership, and with the members of this year's team that will be back, A. & M. ought to win the Southwestern championship next spring.

Letters were given to Russell, Coleman, L. J. Skeeler, W. J. Skeeler, P. H. Olson, Tom Cherry, Beringer, Rigney, Brailsford, Kendrick, Hooker, Powers, Gilfillan, Thodberg and Menke (manager), and a "T-AMC" to Minier.

## H. BROOKS WINS IN FRESHMAN CONTEST

IN STOCK JUDGING CONTEST  
HELD SATURDAY CLASS  
PRESIDENT LEADS.

### LAST YEAR'S RECORD BEATEN

Won by H. Brooks with 524 points out of a possible 600.

This is remarkable work done by Brooks, considering that he is working to pay his way thru school, has found time to win a football "T," and broke the pole vault record. His high score is notable. Last year the high man, Matthewson, only made 488 points, and was essentially a student, not entering into athletics, and having all his time to devote to his studies.

W. McFadden and J. C. Alderson were tied for second with 475 points; fourth, M. H. Ford, 471 points; fifth, E. S. Farrell, 468; sixth, F. S. Anderson, 462; seventh, H. L. Chapelle, 458; eighth, R. A. Brotherton, 457; ninth, J. N. Phillips and L. J. Lude-man tied with 454 points.

There were 38 entries, not over six men in a section.

Ranking of sections:

First, section 6, 1,400 points out of a possible 1,800. Three highest men in this section, McFadden, Ford and Phillips.

Second, section 2, 1,373 points.

Third, section 4, 1,362 points.

Fourth, section 8, 1,353 points.

Fifth, section 5, 1,346 points.

Sixth, section 3, 1,301 points.

Seventh, section 7, 1,293 points.

Eighth, section 1, 1,236 points.

The ranking was determined by the three highest men in each section.

Stock judged included eight classes—one class of draft horses; one class of light horses; one class of breeding beef heifers; two classes of fat hogs; one class of dairy cows; one class of fat sheep.

Official judges—Prof. J. C. Burns and Prof. J. W. Ridgway.

Referee—W. L. Stangel.

Superintendents of squads—Dan Scott, superintendent; E. P. Menke, J. C. Yeary, H. T. McCullum and C. H. Savage, assistant superintendents.
