HARLAN

GRAVES

While we are singing the praises of Johnnie Garrity and his lightning team we must not forget coaches Harlan and Graves. These two men did something that doesn't happen in football very often. They took a squad of men whom they did not know and the majority of whom had never played together before, and some of whom were inexperienced, and in a few short weeks they built a machine, and the machine they built was not only one that could and did beat the State University team, a supposedly invincible machine, that had played together for four years, but it was a machine whose defensive power was such that it held Varsity scoreless. It was the first time Varsity had been held scoreless since 1910, a period of five years.

These men worked unceasingly mornin, noon, and night, and they accomplished what they set out to do.— They beat Varsity. But they did more than this,—the team they have developed is one that will withstand the loss due to graduation. They have developed enough men so that next year the team will be even stronger than it was this year. And with the knowledge of the men and conditions here, the chances seem good for Harlan and Graves to put out an invincible team next year.

G. R. Warren, a "peppy" "C" Company sophomore-fish, made up a rubber stamp and spent all day Saturday stamping "A. and M. 13—Varsity 0" on the envelopes that the boys were mailing out. He went to every hall on the campus, did the work gratis, and believes that ten thousand letters will go out bearing the stamp of the victory.

"Pud" Harrison and McConnell, members of "K" Co. last year, were visitors on the campus last week and spent several days with "K" Co.

VISITORS ENTERTAINED

After the memorable football game on last Friday, November 19th, a reception was given in Mitchell Hall by a number of Cadets in honor of visiting girls. The couples met in Room 40, Mitchell, where they were entertained, and afterwards were served with a sumptuous spread in Room No. 50, Mitchell. The following guests were present.

Misses Mabel Brown, sister of M. H. Brown, Gladys Stanley, Elsie Martin and Florence Ratcliff of Baylor, Waco, Texas; Miss Imogene Neely, Mrs. J. W. Barron, Miss Lillie Barron; Messers. M. H. Brown, Hal Corry, M. T. Garrett, O. S. Gray, A. D. Johnson and Messers. Blackwell and Guy Quinn of the University of Texas.

Miss Imogene Neely of Sweetwater was the guest of Dr. and Mrs. Morgan for the football game.

Misses Mabel Brown and Gladys Alf Stanley of Baylor University witnessed the football game Friday as guests of Mitchell H. Brown and Hal F. Corry.

J. M. CALDWELL THE JEWELER
