ALUMNI AND FORMER STUDENTS.

One of the results of the big game last week was the returning of many of the alumni and former students to the College.

A number of these men had not been back for several years and they were agreeably surprised to see how many improvements and new buildings there are on the campus. They all brought plenty of pep back with them and the cadets had to hustle to outyell them during the game. Among those who were here were

- F. A. Homann '15.
- B. H. Dickie '15.
- H. Voelker '09.
- B. E. Gieseke '11.
- L. Geren '12.

and many others.

Anyone can hear almost every day that "the A. and M. Corps of Cadets certainly do yell and stick by their team regardless whether they win or lose." But how many of the multitude of hearers of the above statement stop to ask the question, "who leads this husky bunch of Cadets, that at times, make the clouds tremble above with their loud voices?"

Without a doubt everyone knows who our yell leaders are, but in case anyone should be so unlucky as not to be acquainted with them, those that are acquainted will take the greatest of pleasure in introducing, "Our beloved Chief" Mr. (Runt) W. K. Hanson and his assistants, Carl Tarmer, J. P. Garity, and (Kike) H. J. Burkett.

It is to our faithful and effective chief yell leader and his assistants that we owe our appreciation, for the pep that they installed into the Cadet Corps, that partially helped the football men bring home that wonderful result 13 to 0 score against the University of Texas.

The Corps of Texas is known all over the United States, and is given first place among the noise makers when it comes to yelling and rooting for their team. This year has been better so far than any other heretofore so, Runt our toast is to you and your able assistants.

PERHAPS.

When cows fall ill the Government proceeds to take alarm
And sends a veterinarian to sanitize the farm.
The cow herself is put to bed and pl'ed with drugs and pills,
And Uncle Sam comes forward, when she's cured, to pay the bills.
But when a baby falls in need of medicine and care,
The Government contends that that is none of its affair.
When pigs and lambs are threatened by a deadly pestilence
Their tender lives are guarded at the Government's expense.
They're coddled, nursed and dieted until they're well and fat,
And never reckon of the cost—for Uncle Sam pays that.
But when an epidemic marks the babies for its own,
The Government, untroubled, lets them fight it out alone.
Some day, perhaps, when all the pork has lavishly been passed,
When every scrap of patronage is handed out at last,
When all our noble Congressmen have got all they desire,
And have attained whatever heights to which they may aspire,
To unknown heights of common sense the Government will leap
And do as much for mothers as it does for cows and sheep.

BRAZOS COUNTY

CLUB ORGANIZED.

For the first time in the history of the College a Brazos County Club has been organized, to which anybody from Brazos County is eligible for membership. Twenty-five men answered the first call for members and by the end of the month the club will have over thirty members.

At the meeting Monday the following officers were elected:
R. J. Cole, president; J. I. McGregor, vice-president; W. B. Cook, secretary-treasurer.
